LRB Number 15-0773/2	Introduction Number AB-0284	Estimate Type Original

Description

Causing or threatening bodily harm to certain child welfare and juvenile justice workers, and providing a criminal penalty

Assumptions Used in Arriving at Fiscal Estimate

Under AB 284, it would add more severe penalties for battery of a child welfare worker and juvenile justice worker. This would become a Class H felony and the Department may receive minimal increases in penalty assessment revenue if this bill is enacted.
