<b>Description</b> Collective bargaining for public employees, prohibiting employees other than public safety employees from bargaining collectively on insurance contributions and employee required contributions to retirement, granting rule-making authority, and making appropriations					

### Assumptions Used in Arriving at Fiscal Estimate

This bill makes changes to the laws relating to collective bargaining. This bill prohibits employees other than public safety employees from bargaining collectively on insurance contributions and employee required contributions to retirement.

This bill may result in increased inquiries, but is not expected to have a material fiscal effect on the administrative costs of the Department of Employee Trust Funds.
