### *Analysis by the Legislative Reference Bureau*

This bill expands eligibility for certain businesses receiving investments that qualify the investors for tax credits under the angel and early stage seed investment tax credit programs administered by the Wisconsin Economic Development Corporation. Under current law, certain investors may receive tax credits under those programs for investments in businesses certified by WEDC as “qualified new business ventures.” WEDC may certify a business as a qualified new business venture if, among other requirements, for taxable years beginning after December 31, 2010, the business has not received more than \$8,000,000 in investments that qualified for tax credits under the programs. The bill raises that threshold to \$12,000,000 for taxable years beginning after December 31, 2017.

For further information see the *state* fiscal estimate, which will be printed as an appendix to this bill.
