14 relating to small business enforcement discretion and technical changes to various rules.

**Analysis Prepared by the Department of Agriculture,
Trade and Consumer Protection**

This rule makes technical changes to a number of current rules administered by the Department of Agriculture, Trade and Consumer Protection (“DATCP”), related to a variety of topics. This rule describes the discretion that DATCP may exercise in the enforcement of regulations against small business.

Statutory Authority

Statutory Authority: ss. 93.07(1), 92.05(3)(c), 92.14(8), 93.50(2)(f), 94.72(13)(a), 95.197(2), 95.71(8), 97.09(4), 97.20(4), 97.22(8), 97.41(2) and (5), 98.03(2), 98.18(2), and 895.59, Stats.

Statutes Interpreted: ss. 92.05, 92.14, 94.72, 95.197, 95.71, 97.20, 97.22, 97.41, 98.03, 98.18, 93.50, and 895.59, Stats.

DATCP has broad authority under 93.07(1) to adopt rules needed to implement laws under its jurisdiction. Under s. 895.59, Stats.(created by 2003 Wisconsin Act 145), DATCP is required to adopt rules describing the discretion that it may exercise in enforcement of its regulations against small businesses. DATCP has specific authority, under the provisions cited above, to adopt rules related to each of the topics addressed by this rule.

Rule Content

Small Business Enforcement Discretion

Under s. 895.59, Stats. (created by 2003 Wisconsin Act 145), state agencies are required to adopt rules describing the discretion they may exercise when enforcing regulations against small businesses. This rule describes the discretion that DATCP may exercise when enforcing regulations against small businesses. DATCP already exercises enforcement discretion, as described in this rule.

Technical Changes to Current Rules

This rule also makes minor technical changes to a number of rules administered by the DATCP. This rule does all of the following:

- Conforms fertilizer tonnage fee (agricultural chemical cleanup surcharge) to current statute. The department is currently charging the (lower) statutory fee, not the obsolete (higher) fee that appears in the current rule (ATCP 40).
- Updates technical standards that are incorporated by reference in current commercial feed rules (ATCP 42). The updates refer to the latest edition (2006) of the official publication of the Association of American Feed Control Officials.
- Updates current standards for the professional certification of agricultural engineering practitioners. The revised standards address new agricultural engineering practices, and the planning phases of engineering projects. The revisions also make minor changes to job class criteria for some existing practices, reflecting changes in technology and scale of current projects. DATCP coordinated these revisions with the United States Department of

Agriculture (NRCS) and county land conservation departments, including practitioners who serve federal, state and county conservation programs.

- Clarifies DATCP’s meat holding order and condemnation authority (ATCP 55).
- Corrects inconsistent rules related to the legal “shelf life” of smoked fish (one rule says 17 days, the other says 21 days). This rule says 21 days.
- Changes current dairy plant rules (ATCP 80) to make them consistent with current federal standards. This includes minor technical changes related to pasteurization standards, thermometers and temperature readings, as well as updates to technical standards incorporated by reference (ATCP 80 Appendix). The updates refer to the latest editions of the *3-A Sanitary Standards and Accepted Practices* published by the 3-A Sanitary Standards, Inc.
- Updates technical standards that are incorporated by reference in current weights and measures rules (ATCP 92). The updates refer to the latest editions (2006) of current weights and measures handbooks published by the National Institute of Standards and Technology.
- Clarifies, per current statutes, that local weights and measures inspectors must be civil service employees (conforms rule to current statute).
- Eliminates minor obsolete accounting provisions (in ATCP 105) related to the calculation of cigarette “cost” for purposes of the Unfair Sales Act (“minimum markup law”).
- Clarifies the relationship between DATCP’s home improvement code (ATCP 110) and basement waterproofing code (ATCP 111), both of which apply to basement waterproofing services.
- Clarifies prohibition against misleading charity claims in coupon book schemes (ATCP 131).
- Repeals current rules related to dairy cattle grades (ATCP 158), because the rules are obsolete and no longer used.
- Corrects typographical errors and cross-references, eliminates obsolete provisions, conforms rules to current statutes, creates clarifying notes, and makes other non-substantive drafting and organizational changes to current rules.

Pursuant to s. 227.21, Stats., DATCP will request permission from the Attorney General and the Revisor of Statutes to incorporate each updated technical standards by reference.

Fiscal Estimate

DATCP already exercises enforcement discretion, as described in this rule, so the effect will be minimal. Fines and forfeitures are paid to the state school fund, not DATCP. Other provisions

1 (b) The exercise of discretion, in favor of small businesses, is not prohibited by s.
2 895.59(2), Stats., or other applicable law.

3 **NOTE:** The department exercises enforcement discretion based on a wide variety of
4 variable factors that may be relevant to each case.
5

6 (2) The department may consider relevant factors in its exercise of discretion under sub.
7 (1), including any of the following that may be relevant:

8 (a) The nature and seriousness of the violation.

9 (b) The difficulty and cost of compliance for a small business, as compared to other
10 businesses.

11 (c) The financial capacity of a small business, as compared to other businesses.

12 (d) The compliance options available, including options for achieving voluntary
13 compliance.

14 (e) The nature, extent and seriousness of actual or potential harm to the public.

15 (f) The immediacy of potential harm, and the likelihood of continued harm if no action is
16 taken.

17 (g) The willfulness of the violation, and the likelihood that the violation will continue if
18 no action is taken.

19 (h) Past history of compliance or noncompliance by the small business.

20 (i) The level of public interest and concern.

21 (j) Whether the small business has had a reasonable opportunity to understand and
22 comply with the rules.

23 (k) Fairness to the small business and other persons, including competitors and the
24 public.

25 (L) Whether the small business has voluntarily disclosed the violation.

1 (3) An exercise of discretion under sub. (1) may include a decision to forego formal
2 sanctions, or to seek reduced sanctions for a small business as compared to other businesses.

3 **NOTE:** Fines and civil forfeitures are determined and imposed by courts, not by the
4 department.

5
6 **SECTION 2.** ATCP 13.01(2) is repealed.

7 **SECTION 3.** ATCP 13.01(3) to (7) are renumbered to (2) to (6):

15 registration law, s. 95.51, Stats., remains open to public inspection. But premises
16 registration information required for the first time under s. 95.51, Stats., or this
17 chapter must be kept confidential.

18
19 **SECTION 6.** ATCP 17.03(4)(b) and (note) are amended to read:

21 that does any of the following, unless that information qualifies for disclosure under sub. (2) or
22 (3).

23 1. Discloses the street address, section number, ~~global positioning system~~ geographic
24 coordinates of any premises, or the identity of any registrant.

25 2. Makes it possible to deduce with certainty the street address, section number, ~~global~~
26 ~~positioning system~~ or geographic coordinates of any premises, or the identity of any registrant.

27 **NOTE:** For example, the department may not disclose a detailed map that permits readers
28 to deduce with certainty the street addresses, section numbers or ~~global~~
29 ~~positioning system~~ geographic coordinates of any premises, or the identities of
30 registrants whose premises are portrayed by points on the map. However, the
31 department may disclose less detailed maps.
