Affected Ch. 20 Appropriations

Assumptions Used in Arriving at Fiscal Estimate

The rule allows Wisconsin to continue to collect birth cost judgments owed to the state through federal income tax refund offset. If the department failed to enact this rule to comply with OCSE requirements, the state and county child support agencies would likely experience a decrease in revenue. In calendar year 2007, the child support program collected \$11,481,000 in birth costs through federal income tax refund offset. Of the nearly \$11.5 million collected, approximately \$6.62 million was returned to the federal government to reimburse Medicaid costs, \$1.72 million was used by county child support agency programs to benefit children in the state, and the remaining \$3.14 million was returned to the state Medicaid program.

Long-Range Fiscal Implications

Continuation of current revenue.
