These proposed rules establish the deer season framework for hunting with archery gear, firearms and muzzleloaders.

November firearm season - Statewide 16-day season beginning two Saturdays prior to the Thanksgiving holiday. CWD zone would use the same dates.

Archery season - Opens statewide on the Saturday closest to September 15 and continues through the Thursday immediately prior to November firearm season. Statewide season reopens on 1st day of the November gun seasons and continuing through the 2nd Sunday in January. In herd-control units, the archery season would continue through January 31. Bonus buck incentive for all hunters beginning after the 16-day firearm season through January 31.

Youth season - Statewide 5-day, either-sex season beginning the 2nd weekend in October. Saturday through Wednesday.

Early muzzleloader season - Statewide 5-day, antlerless-only by permit beginning the 2nd weekend in October. Saturday through Wednesday.

October herd control season - Herd control units only. 5-day, antlerless-only season beginning the 2nd weekend in October. CWD October season would use same dates. Saturday through Wednesday.

Late muzzleloader season - Statewide 7-day season beginning the Monday immediately following the November firearm season. (Bucks plus quota)

December firearm season - Central Forest & Farmland zones. 4-day, antlerless-only season beginning the Thursday immediately following the late muzzleloader season. Appropriate antlerless permit required.

Holiday gun hunt - Central Forest & Farmland zones. Herd control units only, 10-day antlerless-only season beginning December 26th. CWD zone would use same dates

#### Assumptions Used in Arriving at Fiscal Estimate – Continued

The proposed new season framework is a significant modification to the existing structure. The Department already administers hunting seasons for firearm, archery, and muzzleloader hunters; therefore, it is anticipated that the amount of effort and expense that the Department incurs while administering the deer seasons will be similar for the proposed new season framework.
