Assumptions Used in Arriving at Fiscal Estimate				
This rule creates provisions in DOC 302 (ss. DOC 302.33 through 302.41), relating to procedures for determining eligibility for sentence modification and the resulting computations to incorporate changes required by 2009 Wisconsin Act 28.				
sentence mounteation and the resulting computations to incorporate changes required by 2007 wisconsin Act 20.				
The Department has authority to promulgate rules governing its procedures concerning positive adjustment time: including				
earning positive adjustment time at rates of either 1 for 2; or 1 for 3; or 1 for 5.7 depending upon the offense which the inmate was convicted for. The inmate may be eligible for Positive Adjustment Time at the different rates depending upon the				
offense of which the inmate was convicted.				
The Department is promulgating rules on: following the inmate's having served at least 75% or 85% of the confinement time				
of a bifurcated sentence, depending on the classification of the crime, they may petition the earned release review				
commission for release to extended supervision.				
The Department is creating rules related to the challenge incarceration program and the earned release program related to the				
implementation of those programs and also updates the provisions to reflect the legislative change to allow inmates who do				
not have alcohol and/or drug abuse treatment needs to participate.				
The rule establishes procedures for implementing risk reduction sentences through the development of program plans,				
monitoring the inmate's progress and participation in the plan, and if plan completion is accomplished, notification of the				
sentencing court and the office of victim services before the offender is released to extended supervision. The rule sets in place procedures relating to the release of certain inmates to extended supervision within 12 months of their mandatory				
release date.				
Repeals and recreates the process related to inmate requests for review of department decisions concerning custody,				
institution placement, program needs, or treatment needs.				
Although the Department can not against the full imment of the phonone of this time, it is accounted that in the about terms the				
Although the Department can not project the full impact of the changes at this time, it is assumed that in the short term the currently authorized positions at the Department will be able to absorb the increased workload.				
Long-Range Fiscal Implications
