**Plain language analysis:** The rule defines “golf cart” as a vehicle that can go no more than 20 miles per hour, can carry one to two people and equipment, and is intended for the game of golf.

The rule authorizes the use of golf carts in the Governor Thompson State Park and the Peshtigo River State Forest. The rule describes specifically, which areas on the above mentioned properties are authorized for golf cart use, including six (6) boat landings, one (1) town park leased from the Department, one (1) Department road, and other locations as posted.

The rule also describes how the golf cart must operate, that golf cart operators must possess a valid drivers license, and minimum safety features that the golf cart must possess.

**Summary of, and comparison with, existing or proposed federal regulation:**

Iowa - Iowa Code s. 347.247 - Golf cart operation on city streets.

Minnesota - Minn. Stat. s. 169.045 Special Vehicle Use on Roadway.

Michigan - Mich. Comp. Laws s. 257.244 - Operation of vehicle by manufacturer, subcomponent system producer, dealer, or transporter with special plate; unauthorized use of special plate; penalties; surety bond or insurance; number of plates; operation of vehicle with dealer plate by vendee or prospective purchaser; issuance of registration plate to move vehicle or trailer.

Illinois - 625 ILCS 5/11-1426.1 - Operation of non-highway vehicles on streets, roads, and highways.

**Comparison with rules in adjacent states:** A search of rules in Minnesota, Michigan, Iowa and Illinois revealed that these adjacent states do not have any similar rules.

**Summary of factual data and analytical methodologies:** The Department gathered input in the form of interviews, from user groups, local residents, local units of governments and WPS to determine historical use of golf carts before the Department acquired the lands. In addition, significant consultation occurred with the Department of Transportation and the Town of Stephenson on existing golf cart ordinances, authority and safety elements.

**Analysis and supporting documents used to determine effect on small business or in preparation of economic impact report:** There are no new compliance, reporting, or bookkeeping requirements, nor are there any associated performance standards associated with the proposed rule.
