PROPOSED ORDER

An order of the Veterinary Examining Board to repeal VE 10.03 (3) (b) and (i) relating to continuing education.

Analysis prepared by the Department of Safety and Professional Services.

ANALYSIS

Statutes interpreted:

Section 89.062 (2) (a) and (b), Stats.

Statutory authority:

Sections 15.08 (5) (b), 227.11 (2) (a), and 453.03 (2), Stats.

Explanation of agency authority:

Section 15.08 (5) (b), Stats., provides examining boards, “shall promulgate rules for its own guidance and for the guidance of the trade or profession to which it pertains. . .” The proposed rule seeks to provide guidance to licensed veterinarians and licensed veterinary technicians on compliance with continuing education requirements.

Section 227.11 (2) (a), Stats., sets forth the parameters of an agency’s rule-making authority, stating an agency, “may promulgate rules interpreting provisions of any statute enforced or administered by the agency. . .but a rule is not valid if the rule exceeds the bounds of correct interpretation.”

Section 89.03 (2), Stats., provides that the, “examining board shall promulgate rules requiring training and continuing education sufficient to assure competency of veterinarians and veterinary technicians in the practice of veterinary medicine, . . .”

Related statute or rule:

None

Plain language analysis:

In accordance with s. 89.062 (2) (a) and (b), Stats., licensed veterinarians are required to complete 30 hours of continuing education and licensed veterinary technicians are required to complete 15 hours of continuing education. Continuing education requirements for both veterinarians and veterinary technicians are found in Chapter VE 10. Recently, the Veterinary Examining Board identified several provisions within ch. VE 10 that required revising, specifically s. VE 10.03 (3) (b). The Board determined that this provision allowing self-study of veterinary medical or scientific journals was obsolete due to the abundance of continuing education offered via the internet. The Board also identified s. VE 10.03 (3) (i), regarding certification to use, handle, distribute and dispose of pesticides as outdated due to recent legislation, 2009 Wisconsin Act 139. Act 139 specified that the Board may not require training or continuing education concerning the use, handling, distribution, and disposal of pesticides, other than for disciplinary purposes.

Summary of, and comparison with, existing or proposed federal regulation:

None.

Comparison with rules in adjacent states:**Illinois:**

Illinois Administrative Code allows renewal applicants to use self-study courses offered by an approved provider (Ill. Admin. Code tit. 68, pt.1500.25 and Ill. Admin. Code tit. 68, pt. 1505.55).

Iowa:

Iowa Administrative Code allows the completion of distance education courses but does not explicitly allow for the completion of self-study courses to fulfill continuing education requirements (Iowa Admin. Code r. 811-11.1).

Michigan:

Continuing education is not required to renew a license as a veterinarian or a veterinary technician in the state of Michigan.

Minnesota:

Minnesota Administrative Code specifies that not more than ten hours of continuing education credit from noninteractive (self-study) sources may be accepted toward the 40-hour continuing education credit requirement for license renewal (Minn. R. 9100.100 subp. 5.)

Summary of factual data and analytical methodologies:

The Board reviewed the continuing education rules for consistency with the Wisconsin Statutes and contemporary practices. Adjacent states' requirements were also reviewed.
