

# STATEMENT OF SCOPE

## Medical Examining Board

**Rule No.:** Med 1, Med 14

**Relating to:** General update and cleanup of rules

**Rule Type:** Permanent

### 1. Finding/nature of emergency (Emergency Rule only):

None.

### 2. Detailed description of the objective of the proposed rule:

The objective of the proposed rule is to modernize and cleanup the administrative rules in Chapters Med 1 and Med 14 relating to licenses to practice medicine and surgery and biennial registration. The proposed rules will better align with statute, reflect current practices, and provide a clearer regulatory landscape for applicants.

### 3. Description of the existing policies relevant to the rule, new policies proposed to be included in the rule, and an analysis of policy alternatives:

Current administrative rules contain provisions relating to the Department administered statute and rules examination. 2013 WI Act 240 limited examinations for licensure to practice medicine and surgery to those administered by national organizations. The proposed rule would remove all references to the statutes and rules examination.

Current administrative code does not address the "COMLEX-USA" Comprehensive Osteopathic Medical Licensing Examination. The proposed rule would add the COMLEX exam under the definitions section of Med 1 and detail the Board requirements and procedures for the COMLEX examination.

The proposed rule would update the list of board recognized accrediting agencies to include prominent accrediting agencies that are not listed in the current code.

The proposed rule would also more explicitly refer to section 448.05 (2) (c) of the Wisconsin Statutes as the Board's authority to grant waivers from the required 24 months of postgraduate training in programs accredited by the Accreditation Council for Graduate Medical Education or the American Osteopathic Association for applicants who demonstrate substantially equivalent education and training as provided in section Med 1.02 (3) (c).

Current administrative code contains provisions in which the Board administers and determines eligibility for the USMLE Step 3 which do not reflect current practices. The proposed rule would modify or repeal these sections to reflect current practices.

The renewal date in Chapter Med 14 for doctor of osteopathy does not match the renewal date in statute. The proposed rule would align the renewal date in administrative code with the statute. Additionally, the biennial registration requirements in Chapter Med 14 have not been updated for at least 10 years. The proposed rule would update Chapter Med 14 to reflect common, contemporary renewal requirements in the field.

Throughout Med 1 and Med 14, many provisions do not specify the type of exam to which the provision applies. The proposed rule would clarify references to all exams.

The proposed rule package may also include other non-substantive rule changes.
