

INSTRUCTIONS FOR COMPLETION OF BUDGET REPORT AND ANTICIPATED CASH FLOW FOR YEAR ENDING JUNE 30, 2017 (PI-PCP-14)

Before starting, save an unused copy of this spreadsheet for further use.

The spreadsheet version of the budget report and projected cash flow is being provided as an accommodation for the use of schools in complying with the sound fiscal practice and financial viability requirements for new schools required by Wisconsin Statute 118.60(7)(d)2 and Wisconsin Statute 119.23(7)(d)2. For new schools participating in the program for the 2016-17 school year, this budget and related documents will be used to determine if the school is financially viable. If a new school is determined not financially viable, it will not be eligible to participate in the program in the 2016-17 school year. It is also being provided for the use of schools that may have financial viability concerns and are required to provide a budget to the DPI per Wisconsin Administrative Code PI 35.048 (2). Further, it must be used by a participatant in the Special Needs Scholarship Program (SNSP) to support the school having the required funding to pay back the SNSP payments.

Although every effort has been made to ensure the accuracy of the calculations, final responsibility for submitted data is with the reporting school. Please notify the department immediately if you become aware of any errors in calculations by contacting dpichoiceauditreports@dpi.wi.gov.

The cells in the spreadsheet have been protected so that data can only be entered in cells that need information. Use the tab key, arrows or mouse to move to the cells that will accept an entry. When filling out the form on the computer, only the cells highlighted in light yellow can be filled out.

Do not use the space bar to delete information in a cell. Use the delete key or backspace to remove information in any cell.

Certain new Choice schools (generally those considered start up) are required to submit their budget to the department by August 1, 2015. All schools new to the Choice program are required to provide a budget report by May 2, 2016 to the department and a revised budget report by November 2, 2016 to the department. If the school is completing the budget due to the department identifying financial viability issues with the school, the due date is the date identified in the correspondence from the department. The SNSP schools are required to submit the budget by March 1, 2016.

The budget will not be considered complete unless all items on the checklist are completed and included. This includes a proper signature, being timely filed, including all pages of the report in final form, containing no errors on the error page and all required attachments are provided. Once completed, print off the entire report. The pages must be assembled in page number sequence. The Choice administrator's signature and date is required on the coverpage.

If you have questions, email dpichoiceauditreports@dpi.wi.gov.

You may either mail or deliver a copy to the addresses below OR you may scan the entire signed report, except for the instruction page and table of contents, and send via e-mail attachment to dpichoiceauditreports@dpi.wi.gov. Retain a copy for your records and for subsequent revision as needed. If submitting via email, provide the scanned version (not Excel) of the signed and completed report, AND all required documents per the report cover page. Please note the individual e-mail size limit is 15 mb. Do not copy individual team members in the email unless specifically directed by department staff.
