To help support the **#truckingindustry** during the **#COVID19** response, **#WisDOT** has temporarily eased some licensing regulations so **#truckdrivers** can continue to **#deliver #food, #medicinalsupplies** and other **#essentialgoods** uninterrupted.

-**#CDLdrivers** with expired FedMed cards may continue **#driving** until the **COVID19 #healthemergency** passes. The license will remain valid and no violation will be issued.

-CDLs that expire during the pandemic response will be automatically extended 60 days and late fees will be waived. The **#driver** record, visible to **#lawenforcement**, will show that the driver license is valid.

-Drivers can take the CDL skills exam two days after obtaining a **#Commercial** Learners Permit, instead of 14 days. New drivers can practice with a CDL holder in the backseat to promote **#socialdistancing**.
