

**Notice of Submittal of Proposed Rule to
Legislative Council Rules Clearinghouse**

On November 2, 2022, the Public Service Commission submitted a proposed rule to the Wisconsin Legislative Council Clearinghouse pursuant to s. 227.15 (1), Wis. Stats.

Analysis

The proposed rules affect Chapter PSC 119, relating to the interconnection of customer-owned distributed generation facilities with the distribution system of electric public utilities.

Statement of Scope

The scope statement for this rule, SS 013-21, was approved by the Governor on February 4, 2021, published in Register No. 782A3 on February 15, 2021, and approved by the Public Service Commission on April 15, 2021.

Agency Procedure for Promulgation

A public hearing is required and will be held on November 29, 2022.
