1 (cd) The department shall attempt to award grants under this subsection to
2 political subdivisions in all geographic areas of the state.

3 (cg) Reimbursable costs under this subsection include any costs related to an
4 eligible agricultural road project, including costs of initial plan design and
5 engineering, planning, designing, engineering, and construction of an eligible
6 agricultural road project.

7 (cr) 1. The department may make grants under this subsection of up to the
8 following percentage of reimbursable costs:

9 a. For political subdivisions under subd. 2. a., 90 percent.

10 b. For political subdivisions under subd. 2. b., 95 percent.

11 c. For political subdivisions under subd. 2. c., 100 percent.

12 2. The department of transportation shall calculate for each political
13 subdivision the equalized value of the political subdivision, as determined by the
14 department of revenue for the most recent year for which the information is
15 available, divided by the jurisdictional mileage of the political subdivision, as
16 determined by the department of transportation for the most recent year for which
17 the information is available. For each type of political subdivision, the department
18 of transportation shall divide the constituent political subdivisions into fourths
19 based on greater to lesser equalized values per mile. The department of
20 transportation shall categorize each political subdivision into one of the following:

21 a. Highest-value quarter.

22 b. Second highest-value quarter.

23 c. Lowest-value half.”
