

State of Wisconsin  
2023 - 2024 LEGISLATURE

LRBs0385/1  
JPC:amn

**ASSEMBLY SUBSTITUTE AMENDMENT 2,  
TO SENATE BILL 933**

February 22, 2024 - Offered by Representative MCGUIRE.

1 **AN ACT to amend** 40.51 (8), 66.0137 (4) and 120.13 (2) (g); and **to create** 632.8965  
2 of the statutes; **relating to:** coverage of infertility services under self-insured  
3 governmental health plans and health policies and plans offered to state  
4 employees, and granting rule-making authority.

---

***Analysis by the Legislative Reference Bureau***

This bill requires self-insured governmental health plans and health care coverage plans offered by the state to its employees that cover medical or hospital expenses to cover diagnosis of and treatment for infertility and standard fertility preservation services. Coverage required under the bill must include at least four completed egg retrievals with unlimited embryo transfers in accordance with certain guidelines and single embryo transfer is allowed when recommended and medically appropriate. Policies and plans are prohibited from imposing an exclusion, limitation, or other restriction on coverage of medications of which the bill requires coverage that is not imposed on any other prescription medications covered under the policy or plan. Similarly, policies and plans may not impose any exclusion, limitation, cost-sharing requirement, benefit maximum, waiting period or other restriction on diagnosis, treatment, or services for which coverage is required under the bill that is different from any exclusion, limitation, cost-sharing requirement, benefit maximum, waiting period or other restriction imposed on benefits for other

services. Also, policies and plans may not impose an exclusion, limitation, or other restriction on diagnosis, treatment, or services for which coverage is required under the bill on the basis that an insured person participates in fertility services provided by or to a third party.

This proposal may contain a health insurance mandate requiring a social and financial impact report under s. 601.423, stats.

1           **SECTION 4.** 632.8965 of the statutes is created to read:

2           **632.8965 Coverage of infertility services. (1)** In this section:

3           (a) “Diagnosis of and treatment for infertility” means any recommended  
4 procedure or medication at the direction of a physician that is consistent with  
5 established, published, or approved medical practices or professional guidelines  
6 from the American College of Obstetricians and Gynecologists, or its successor  
7 organization, or the American Society for Reproductive Medicine, or its successor  
8 organization.

9           (b) “Infertility” means a disease, condition, or status characterized by any of  
10 the following:

11           1. The inability to achieve a successful pregnancy based on a patient’s medical,  
12 sexual, and reproductive history, age, physical findings, diagnostic testing, or any  
13 combination of these factors.

14           2. The need for medical intervention, including the use of donor gametes or  
15 donor embryos, in order to achieve a successful pregnancy either as an individual or  
16 with a partner.

17           3. The failure to establish a pregnancy or carry a pregnancy to a live birth after  
18 regular, unprotected sexual intercourse for, if the woman is under the age of 35, no  
19 longer than 12 months or, if the woman is 35 years of age or older, no longer than 6  
20 months including any time during those 12 months or 6 months that the woman has  
21 a pregnancy that results in a miscarriage.

22           (c) “Self-insured health plan” means a self-insured health plan of the state or  
23 a county, city, village, town, or school district.

24           (d) “Standard fertility preservation service” means a procedure that is  
25 consistent with established medical practices or professional guidelines published

1 by the American Society of Clinical Oncology, or its successor organization, for a  
2 person who has a medical condition or is expected to undergo medication therapy,  
3 surgery, radiation, chemotherapy, or other medical treatment that is recognized by  
4 medical professionals to cause a risk of impairment to fertility.

5 (2) Every self-insured health plan shall cover diagnosis of and treatment for  
6 infertility and standard fertility preservation services. Coverage required under this  
7 subsection includes at least 4 completed oocyte retrievals with unlimited embryo  
8 transfers in accordance with the guidelines of the American Society for Reproductive  
9 Medicine or its successor organization and single embryo transfer may be used when  
10 recommended and medically appropriate.

11 (3) A self-insured health plan may not do any of the following:

12 (a) Impose any exclusions, limitations, or other restrictions on coverage  
13 required under sub. (2) based on a covered individual's participation in fertility  
14 services provided by or to a 3rd party.

15 (b) Impose any exclusion, limitation, or other restriction on coverage of  
16 medications that are required to be covered under sub. (2) that are different from  
17 those imposed on any other prescription medications covered under the policy or  
18 plan.

19 (c) Impose any exclusion, limitation, cost-sharing requirement, benefit  
20 maximum, waiting period, or other restriction on coverage of the diagnosis of and  
21 treatment for infertility and standard fertility preservation services required under  
22 sub. (2) that is different from an exclusion, limitation, cost-sharing requirement,  
23 benefit maximum, waiting period, or other restriction imposed on benefits for  
24 services that are covered by the policy or plan and that are not related to infertility.
