

CR 10-111

ORDER OF THE STATE OF WISCONSIN DEPARTMENT OF MILITARY AFFAIRS

The Wisconsin department of military affairs proposes the following order *to create* DMA 1 *relating to* payments of military family financial aid as required under s. 321.45, Stats.

Analysis Prepared by the Department of Military Affairs

This rule establishes criteria by which military family members can receive military family financial aid from the military family relief fund. The rule also establishes minimum and maximum aid levels.

Statute interpreted: Section 321.45, Stats.

Statutory authority: Section 321.45 (2), Stats.

Explanation of agency authority: Section 321.45 (2), Stats. requires the department of military affairs to promulgate rules establishing eligibility criteria and the amount of financial aid awardable under the military family financial aid program.

Related statute or rule: Sections 20.465 (2) (r), 25.38, and 71.10 (5i), Stats.

Plain language analysis: The Wisconsin department of military affairs (DMA) is responsible for distributing funds to eligible families of military service members from the military family relief fund.

The proposed rule order creates a provision specifying the eligibility criteria for individuals to receive aid from the military family relief fund and establishes minimum and maximum amounts of aid that may be awarded from the fund. Establishing a window of aid enables the department to respond to the emergency financial needs of military families while exercising responsible stewardship of the money obtained through the generosity of the people of Wisconsin.

Summary of, and comparison with, existing or proposed federal regulation: Each military branch has its own emergency relief organizations. This rule most closely resembles Army Regulation 930-4, which sets out rules for the administration of Army Emergency Relief (AER) assistance.

Active Duty service members, their dependents, some retired service members, and surviving spouses and orphans of service members who died on active duty are eligible to receive aid through AER. Unlike AER, military family relief funds are available only to immediate family members of certain service members. Both the federal and state programs are funded by

donations. Army Emergency Relief provides grants and loans, while funds from the military family relief fund are in the form of grants only. Provision of Army Emergency Relief provided a framework for developing provisions of this rule.

Comparison with rules in adjacent states:

Illinois

The Illinois Military Family Relief Fund (IMFRF) is authorized by Title 95 Chapter 2 Part 200 of the Illinois Administrative Code and is funded by a voluntary check off on Illinois individual income tax forms.

The IMFRF provides grants to families of Illinois National Guard members and Illinois residents serving in the U.S. Armed Forces Reserve who are called to active duty as a result of the September 11, 2001 terrorist attacks. IMFRF grants are available to help service members and their families defray the costs of food, housing, utilities, medical services, and other expenses that become difficult to afford when a wage-earner has temporarily left civilian employment to be placed on active military duty.

The IMFRF provides three tiers of grants. All status and need based grants are awarded on a first-come, first-served basis. A status based grant of \$500 is available for National Guard and Reserve soldiers on active duty for a minimum of 60 days with a pay grade below a moderate amount. Members may reapply for the \$500 status based grant for every 6 months of consecutive duty.

A need based grant of \$2,000 is available for National Guard and Reserve soldiers on active duty for a minimum of 60 days with a pay grade below a moderate amount and the service member's military salary must be at least 30% less than his or her civilian salary. Members may reapply for the \$2,000 need based grant for every 6 months of consecutive duty. A casualty based grant of \$5,000 is available for Active Duty, National Guard and Reserve soldiers who suffer a service-connected injury.

Iowa

The State of Iowa has established a Veterans Trust Fund to provide certain services to veterans under Iowa Administrative Code 801 Chapter 14. As of 2009 the trust fund is funded by a Joint Veterans Trust Fund and volunteer fire fighter preparedness fund income tax check off. Trust fund expenditures are approved through the Iowa Veterans Commission.

Funds are used for unemployment or underemployment assistance due to service-related causes, assistance with vision, hearing, dental care, durable medical equipment, and prescription drugs; counseling and substance abuse services; housing repair; and transitional housing in an emergency.

Disbursements are limited to members with income less than 200% of federal poverty level and less than \$15,000 in liquid assets. Interest funds are received monthly and approved applicants are placed on a waiting list based on the date received and approved.

Michigan

The Michigan Military Family Relief Fund is authorized by MI ST 35.1211-35.1216 2004 and is funded by a voluntary check off on Michigan individual income tax forms.

The fund is available to any member of a reserve component of the United States armed forces based in Michigan or who is a resident of Michigan serving in a reserve component of the United States armed forces based in another state and is called to active duty by the president of the United States or the United States secretary of defense as a result of national response to September 11, 2001 or as a response to a national emergency declared by the president of the United States and for which funds are being spent by the federal government.

The fund provides financial assistance for clothing, food, housing, utilities, medical services or prescriptions, insurance payments, vehicle payments, or other related necessities of daily living. The fund covers needs that occurred during the time the individual was on active duty or needs that occurred because the individual has incurred a line of duty injury or illness. Michigan limits the fund to \$2,000 in one calendar year for each individual.

Minnesota

Minnesota does not have a government administrated military family relief fund.
