March 26, 2008

TO: Members
Wisconsin Legislature

FROM: Bob Lang, Director

SUBJECT: Appropriations Subject to Lapse Provisions in Current Law, SS AB 1, Assembly, and Senate

In response to several requests, this memorandum provides a list of the appropriations that could be affected by the untargted lapse provisions under current law, Special Session Assembly Bill 1 (the Governor's proposed budget repair bill, Engrossed Special Session Assembly Bill 1 (the budget repair bill passed by the Assembly), and Engrossed Special Session Assembly Bill 1 as amended by Senate Amendment 1, as amended, (the budget repair bill as passed by the Senate).

The attached table lists the appropriations that could be affected by a lapse under one or more of these provisions. Under all of these provisions, the actual allocation of the required lapses among appropriations would be determined by the Secretary of the Department of Administration. Federal appropriations and sum sufficient appropriations are not subject to a lapse under any of these provisions. Also excluded under all provisions are lapses that would violate federal law or the provisions of the federal or state constitution and appropriations for the legislative and judicial branches.

The table is organized by agency. Within each agency, the appropriations are listed in the order that they appear in Chapter 20 of the statutes. The first and second columns provide the Chapter 20 number and title, respectively, for each appropriation. This information is followed by the fund source for each appropriation (GPR, PR, or SEG) in the third column. The remaining columns show the appropriation amounts potentially subject to lapse under each of five lapse provisions, as follows:

Governor: Act 20 - \$200 Million. SS AB 1 would continue the lapse provision enacted under Act 20. This provision could affect GPR, SEG, or PR appropriations, except those made to the University of Wisconsin System or the Wisconsin Technical College System (these two systems and the legislative branch are subject to other, specific lapse provisions). Total, biennial lapses under this provision would be \$200 million.

Governor: Additional \$330.4 Million. SS AB 1 would create an additional biennial lapse requirement of \$330.4 million. This would apply to the same appropriations as the Act 20 provision plus the appropriations made to the University of Wisconsin System and the Wisconsin Technical College System. No more than \$293 million, in total, could be lapsed from appropriations made to the Department of Transportation, under Act 20 plus this additional provision.

Assembly: Act 20 Modified - \$150 Million. Engrossed SS AB 1 would reduce the Act 20 required biennial lapse from \$200 million to \$150 million. Appropriations for general school aids and the Department of Transportation would be added to the current law exclusions under Act 20.

Assembly: DOA - \$111 Million. Under the provisions of s. 16.50 of the statutes, the Secretary of the Department of Administration ordered executive branch agencies to lapse \$111 million from GPR appropriations, excluding those for general school aids and shared revenue and property tax relief. SEG and PR appropriations are not subject to this provision. Under SS AB 1, these lapses are subsumed by the \$330.4 million lapse provision. However, under Engrossed SS AB 1, these lapses would occur.

Assembly: Additional \$250 Million. Engrossed SS AB 1 would create an additional biennial lapse requirement of \$250 million. This would apply only to GPR appropriations and would exclude the appropriation for general school aids. In addition, under this provision, the DOA Secretary could lapse amounts from GPR compensation reserves.

Senate: Act 20 - \$200 Million. SA 1, as amended, is identical to "Act 20 - \$200 Million" under the Governor.

Senate: Additional \$40 Million. SA 1, as amended, would create an additional biennial lapse requirement of \$40 million. This would apply to the same appropriations as the Act 20 provision plus appropriations made to the University of Wisconsin. SA 1, as amended, would exclude from the \$40 million lapse requirement appropriations to the Departments of Revenue and Transportation, general and categorical elementary and secondary school aids, and the GPR appropriation for SeniorCare benefits.
