2017 SENATE BILL 210

April 20, 2017 - Introduced by Senators VINEHOUT and JOHNSON, cosponsored by Representatives ZAMARRIPA and SUBECK. Referred to Committee on Financial Services, Constitution and Federalism.

1 **AN ACT** *to amend* 25.182; and *to create* 25.17 (14m) (d) and 25.183 (4) of the
2 statutes; **relating to:** prohibiting the Investment Board from making certain
3 investments.

Analysis by the Legislative Reference Bureau

This bill prohibits, with exceptions, the State of Wisconsin Investment Board (SWIB) from investing in securities of any company that has entered into a contract with the federal government to plan, design, or construct a wall along the southern border between the United States and Mexico pursuant to a presidential executive order. Within 30 days after the effective date of the bill, SWIB must make its best efforts to identify all companies that contract to build a border wall and make a list of these companies. SWIB must update this list at least quarterly. For each company included on this list, SWIB must send a written notice to the company informing the company that SWIB is prohibited from investing in the company and of the reason for this prohibition. SWIB may remove a company from the list one year after the company completes all work related to the border wall or one year after the contract termination date, whichever is later. After 30 days following the effective date of the bill, SWIB may not make any new investment in securities of any company included on the list. If at this time SWIB already maintains investments in companies included on the list, SWIB must divest itself of these investments within approximately six months. If SWIB later updates its list and adds a company in which SWIB already maintains an investment, SWIB must divest itself of the investment within six months after the company is added to the list. However, these

investment prohibitions do not apply to investments made by external managers with whom SWIB has contracted, investments in mutual funds and other commingled instruments, and investments in private equity funds. The bill also requires SWIB to include, in an annual report that under current law SWIB submits to the legislature, SWIB's most recent list and other information relating to SWIB's divestment from companies that contract to build a border wall.

For further information see the *state and local* fiscal estimate, which will be printed as an appendix to this bill.
