Services Under Medical

### 2021 WISCONSIN ACT 98

The act requires the Department of Health Services (DHS) to provide reimbursement under the Medical Assistance program for typically reimbursable services if those services are provided by a licensed pharmacist or are services provided by a pharmacist that were delegated by a physician.

The act also directs DHS to seek a state plan amendment or waiver of federal law if DHS determines it is necessary to provide the reimbursement. The act also specifies that DHS is not required to implement the reimbursement provided by the act if the federal government disapproves the amendment or waiver request.
