AIR QUALITY

Stationary source operation permit fee

Under current state and federal law, certain stationary sources that emit air contaminants are required to receive an operation permit from DNR. Current law requires DNR to promulgate rules for the payment and collection of fees by the owner or operator of a stationary source for which an operation permit is required under the federal Clean Air Act. This bill increases the fee from \$35.71 per ton of emissions to \$63.69 per ton of emissions.

For further information see the state fiscal estimate, which will be printed as an appendix to this bill.

The people of the state of Wisconsin, represented in senate and assembly, do enact as follows:

SECTION 1. 285.69 (2) (a) 12. of the statutes is amended to read:

285.69 (2) (a) 12. That the fee billed in 2013 ~~and each year thereafter~~ to 2024 equals \$35.71 per ton of emissions specified under subd. 8. and that the fee billed in 2025 and each year thereafter equals \$63.69 per ton of emissions specified under subd. 8.

(END)
