1. Basis and purpose of the proposed rule.

The basis of the proposed rule is section 101.122, Stats. The purpose of the proposed rule is to update the current administrative rules for rental unit energy efficiency to any new energy technologies or national standards, and to improve the administration and enforcement requirements.

2. How the proposed rule advances relevant statutory goals or purposes.

The proposed rule advances relevant statutory goals or purposes by reviewing and including any new energy efficiency technologies for existing housing used as rental units. No new technologies were found but the administration and enforcement requirements were streamlined for better implementation.

3. Changes to the rule analysis or fiscal estimate that was prepared for public hearing.

A change in the rule analysis was made to include the maximum fee for inspections, which is required by s. 101.122 (2) (c), Stats.
