PART 1
Analysis Prepared by the Wisconsin Department of Transportation

Statutes interpreted: ss. 340.01(43g), 341.14(1), (1a), (1e), (1m), (1q) or (1r)(a), 343.51, 343.52, 346.50(1m), (2a)(h), (j), and (k) and (3), Stats.

Statutory authority: ss. 85.16(1) and 343.51(1) and (2), Stats.

Explanation of agency authority: The Department is required to provide special identification cards, to be used for access to reserved parking spaces, for persons with disabilities that limit or impair the ability to walk.

Related statute or rule: Section 343.51, Stats., and Ch. Trans 130

Plain language analysis: Chapter Trans 130 governs the issuance and use of cards and special registration plates that authorize special parking privileges for persons with certain physical disabilities, and for organizations that regularly transport such persons.

This rule amendment updates language to conform to recent statute changes: expanding the persons who are authorized to sign a health care provider statement, and requiring the applicant to retain a copy of the health care provider statement.

In addition, as required by s. 343.51(2m)(b), Stats., this rule amendment provides policy and procedure for requesting replacement cards, in order to deter practice of obtaining replacement cards which are not legitimately needed and may be fraudulently distributed.

Finally, this rule amendment distinguishes between cards issued to individuals and to organizations.

Summary of, and preliminary comparison with, existing or proposed federal regulation: The federal Americans with Disabilities Act (ADA) and consequent regulations of the federal National Highway Traffic Safety Administration (NHTSA) govern states' issuance of disabled parking cards and license plates. Ch. Trans 130 conforms to federal regulation.

Comparison with Rules in the Following States:

Michigan: No fee is charged to replace a mutilated card, but the applicant must return the mutilated card. Replacement fee for lost or stolen card is \$10. There is no limit on the number of replacements that can be requested. Initial permanent card is valid for 5 years and then renewed every 4 years.

Minnesota: Disability placards may be replaced if they are reported lost, stolen, or damaged. If a person reports 3 certificates lost in any 36-month period, they must explain why so many placards needed to be replaced, what they are doing to assure that placards are not lost in the future, and get permission from the State Council on

Disability to receive another placard. By policy, damaged placards are requested to be turned in at the time of application for replacement and applications for placards reported stolen should include a copy of the police report; if this procedure is followed the stolen or damaged certificates do not count toward the lost certificate restriction. Long-term and permanent replacement placards are issued at no fee. Temporary and short-term placards require a \$5 fee for replacement.

Illinois: Replacement fee \$10. If a card is lost, stolen or damaged, the cardholder must submit a signed replacement card application. Only one card is issued per applicant. Fines for using lost, stolen, fraudulent, or altered card range from \$1,000 to \$2,500.

Iowa: No fee is charged for a replacement placard. If the request is for replacement of a temporary card, Iowa requires a new medical certification. No new certification needed for replacing a permanent card. There is no limit on the number of replacements that can be requested.

Summary of factual data and analytical methodologies used and how the related findings support the regulatory approach chosen: Chapter Trans 130 currently requires a person to check the reason that the person requires a replacement card: lost, stolen, destroyed, mutilated or illegible, or name change; but DMV does not deny replacement card issuance.

DMV has considered several possible approaches to strengthen replacement card issuance:

- Ask for the return of mutilated or damaged cards; possibly ask for a police report for stolen cards. This approach may reduce requests but places some burden on the applicant.
- Ask a person to file request via law enforcement or court. The disadvantage is workload burden on the law enforcement or court.
- Establish a replacement fee, possibly coupled with no charge if there's a stolen card report. Again, this approach may reduce requests but places some burden on the applicant.
- Put some unique feature on a replacement card, coupled with establishing more frequent renewal or reissue periods – to more frequently purge the database of obsolete cards. However, this would result in large cost to DOT and a burden to all cardholders.
- Not allow a person to apply for a replacement card within a period of time after their last replacement card. A disadvantage is this could deny a legitimate replacement to someone who needs a replacement immediately.

- Informing local law enforcement whenever a person receives a replacement card. This approach results in cost to DMV and law enforcement and it is uncertain whether this would actually have any value.

DOT has chosen to require additional documentation in the form of a signed, notarized statement from applicants who have had possibly excessive requests for replacement cards. DOT has chosen not to charge a fee for replacement cards, and not to ask cardholders to return cards to DOT, to minimize the burden on customers, the vast majority of whom have a legitimate need to obtain a replacement card. The signed, notarized statement additionally provides a record of facts that the applicant is attesting to, in requesting a replacement card.

Analysis and supporting documentation used to determine effect on small businesses: This rule making affects disabled individuals and organizations that provide transportation to disabled individuals. The rule has no effect on small business.

Effect on small business: The rule has no effect on small business. The Department's Regulatory Review Coordinator may be contacted by e-mail at ralph.sanders@dot.state.wi.us, or by calling (414) 438-4585.

Fiscal effect: The Department estimates that there will be no fiscal impact on the liabilities or revenues of any county, city, village, town, school district, vocational, technical and adult education district, sewerage district, or federally-recognized tribes or bands.

Anticipated costs incurred by private sector: The Department estimates that there will be no fiscal impact on state or private sector revenues or liabilities.

Agency contact person and copies of rule: Copies of the proposed rule can be obtained, without cost, by writing to Carson Frazier, Department of Transportation, Division of Motor Vehicles, Room 255, P. O. Box 7911, Madison, WI 53707-7911. You may also contact Ms. Frazier by phone at (608) 266-7857 or via e-mail: carson.frazier@dot.state.wi.us.

CR 07-072

ANALYSIS OF FINAL DRAFT OF TRANS 130

(a) **Basis and Purpose of Rule.** Chapter Trans 130 governs the issuance and use of cards and special registration plates that authorize special parking privileges for persons with certain physical disabilities, and for organizations that regularly transport such persons. This rule amendment updates language to conform to recent statute changes: expanding the persons who are authorized to sign a health care provider statement, and requiring the applicant to retain a copy of the health care provider statement. In addition, as required by s. 343.51(2m)(b), Stats., this rule amendment provides policy and procedure for requesting replacement cards, in order to deter practice of obtaining replacement cards which are not legitimately needed and may be fraudulently distributed. Finally, this rule amendment distinguishes between cards issued to individuals and to organizations.

(b) **Modifications as a Result of Testimony at Public Hearing.** The public hearing was held in Madison on August 15, 2007. No modifications were made as a result of testimony at the hearing as no one appeared/registered at the hearing.

(c) **List of Persons who Appeared or Registered at Public Hearing.** None.

(d) **Summary of Public Comments and Agency Response to those Comments:** There were no public comments submitted.

(e) **Explanation of any Changes Made to the Plain Language Analysis or Fiscal Estimate:** No changes made.

(f) **Response to Legislative Council Recommendations.** The Legislative Council report contained 5 comments, all of which have been incorporated into the proposed rule.

(g) **Final Regulatory Flexibility Analysis.** The rule has no effect on small business.
