

The Wisconsin Department of Commerce adopts an order to amend Comm 40.44 (intro.); to repeal and recreate Comm 40.43; and to create Comm 5.003 (26x), Comm 5.01 (4) (h), Comm 5.02 Table 5.02 lines 50m. and 50n., Comm 5.06 Table 5.06 lines 50m. and 50n., Comm 5.31 (4) (c) Note, Comm 5.70 (4) Note, Comm 5.71 (4) Note, Comm 5.73, Comm 5.90 (6) (d), Comm 5.91 (6) (d) Note, Comm 40.52 Note, Comm 40.62 Note, Comm 40.72 Note, Comm 40.82 Note, and Comm 65.0300, relating to the liquefied gas suppliers, and affecting small businesses.

Analysis of Rule

1. Statutes Interpreted

Statutes Interpreted: s. 101.16, Stats., as affected by 2007 Wisconsin Act 203.

2. Statutory Authority

Statutes Interpreted: ss. 101.02 (1) and (15), and 101.16 (2) and (4) (a), Stats., as affected by 2007 Wisconsin Act 203.

3. Related Statute or Rule

Chapter Comm 40, Gas Systems
Chapter Comm 65, Fuel Gas Appliances

4. Explanation of Agency Authority

Under the statutes cited, the Department of Commerce protects public health, safety, and welfare by promulgating comprehensive requirements for design, construction, use and maintenance of public buildings and places of employment. Under section 101.16, Stats., the Department has the responsibility for developing rules specifically for minimum safety standards for the design, construction, installation, operation, inspection, repair and maintenance of liquefied petroleum gas systems.

5. Summary of Proposed Rules

The proposed rules establish administrative procedures for licensing of liquefied gas suppliers as mandated by 2007 Wisconsin Act 203.

6. Summary of, and Comparison with, Existing or Proposed Federal Regulations

An internet search on U.S. federal regulations and U.S. federal register yielded no results regarding the licensing of liquefied gas suppliers.

7. Comparison with Rules in Adjacent States

An Internet-based search of liquefied petroleum gas suppliers in the states of Illinois, Iowa, Michigan and Minnesota found that none of the states have specific rules or programs regarding the licensing of liquefied gas suppliers.

8. Summary of Factual Data and Analytical Methodologies

The proposed rules were developed by reviewing the provisions under 2007 Wisconsin Act 203 in conjunction with the current licensing rules relating to businesses under ch. Comm 5.

9. Analysis and Supporting Documents used to Determine Effect on Small Business or in Preparation of Economic Impact Report

The proposed rules implement the licensing mandates imposed by 2007 Wisconsin Act 203. The primary businesses affected by these licensing mandates are suppliers who fill propane gas cylinders. This would include bulk gas suppliers, cooperatives, hardware stores and camp grounds. The department does not believe that the proposed rules will increase the effect on small businesses over that imposed by the Act.

An economic impact report has not been required pursuant to s. 227.137, Stats.

10. Agency Contact.
