

Clearinghouse Rule 08-108

PROPOSED ORDER OF DEPARTMENT OF HEALTH AND FAMILY SERVICES TO ADOPT RULES

The Wisconsin Department of Health Services proposes to amend HFS 105.17 (1) (intro.), relating to benefits covered by the Wisconsin Medical Assistance program.

SUMMARY OF PROPOSED RULE

Statute interpreted

Section 49.45 (2) (a) 11., Stats.

Statutory authority:

Section 49.45 (2) (a) 11., Stats.

Explanation of agency authority:

Section 49.45 (2) (a) 11., Stats., requires the Department to promulgate rules establishing criteria for certification of providers of medical assistance.

Related statute or rule:

Section 49.45 (42), Stats., describes the circumstances under which personal care services are paid for by Wisconsin Medicaid.

Plain language analysis:

The Department proposes to amend ch. HFS 105 to allow federally recognized American Indian tribes and bands in Wisconsin to be certified by Wisconsin Medicaid as providers of personal care services. The proposed amendments would increase the number of providers available in Wisconsin to provide personal care services.

The Department believes that the proposed change is necessary in order to allow tribal government agencies to become personal care agencies, thereby providing tribal members access to culturally sensitive personal care providers in their own communities.

Summary of, and comparison with, existing or proposed federal regulations:

The section of the Code of Federal Regulations which provides the regulatory authority to provide personal care services under the Medicaid program is 42 CFR § 440.167. The federal regulations are less detailed than the proposed rule and existing Wisconsin regulations concerning personal care services provided to Medicaid recipients.

Comparison with rules in adjacent states:**Illinois:**

Wisconsin offers personal care as an optional Medicaid state plan service, but Illinois does not. Illinois does offer some types of personal care services under waivers.

Iowa:

Wisconsin offers personal care as an optional Medicaid state plan service, but Iowa does not. Iowa does offer some types of personal care services under waivers.

Michigan:

Both Michigan and Wisconsin offer personal care as an optional Medicaid state plan service.

Minnesota:

Both Minnesota and Wisconsin offer personal care as an optional Medicaid state plan service.

Summary of factual data and analytical methodologies:

The Home Care Consumer Advisory Committee and the Home Care Advisory Committee advise the Department on issues relating to home health care.

Analysis and supporting documents used to determine effect on small business:

The proposed rule does not affect small business.

Effect on small business:

The proposed change does not affect small business.

Agency contact person:
