Self-Certification Form to Receive Fire Department Dues

Under s. 101.575, Stats., Wisconsin cities, villages and towns maintaining a fire department, or contracting for fire safety services which substantially comply with certain statutes are entitled to a proportionate share of monies collected through the state Fire Department Dues program, under s. 101.573 and 601.93, Stats.

For the Wisconsin Department of Commerce to make a determination of substantial compliance for calendar year 2008, the following self-certification form must be completed, signed, and returned to the department by April 1, 2009, as established in s. 101.575(4)2., Stats., and as established in s. Comm 14.48(3)(a)-(c) Wis. Admin. Code.

Some municipalities are served by only one fire department, while others receive fire safety services from more than one fire department. Therefore, a municipality may receive multiple copies of these forms due to the multiple fire departments involved.

This self-certification is divided into two sections of questions to document the situation in each municipality and to allow the fire chief to specifically certify for the services. Section A addresses fire protection services and Section B addresses fire prevention services. All three pages of this form must be returned, including this first page! Please make copies for your records.

An explanation of this form is attached to help in providing the correct information for your particular circumstance. A Fire Prevention Coordinator districts map is included in this packet so that the S&B coordinator may be contacted if there are questions about the Fire Department Dues Program or this form.

Personal information you provide may be used for secondary purposes [Privacy Law, s.15.04 (1)(m), Stats.]

¹Substantial Compliance, as defined in Section Comm 14.02 (10) and for the purposes of s. 101.575 (4) (a) 1. and 2., Stats., means an ample amount of the required activity was performed through a concerted effort aimed at total compliance. A determination of substantial compliance is obtained through a common-sense approach to evaluating whether enough effort was made to comply with the applicable statute or code requirements. Substantial compliance is not a specific number or percent of compliance. A determination of substantial compliance in any one year or regulatory standard does not mean that the same amount of compliance or effort in the following year or in another area of the code automatically equals substantial compliance.

The clerk and fire chief should each make a copy of all three pages of this self-certification form for their records. Questions about this form may be directed to S&B Fire Prevention Coordinators; see map of coordinators' districts.
