**Assumptions Used in Arriving at Fiscal Estimate**

The proposed rules will not impose any significant costs on local governments, because the requirements are not expected to significantly change their current workloads or needed resources for reporting fires, performing fire prevention inspections and maintaining records.

The proposed rules are not expected to impose significant costs or other impacts on small businesses because (1) the 2009 edition of NFPA 1, as modified in chapter Comm 14, is not expected to impose costs that substantially exceed the costs imposed by the currently adopted 2006 edition; (2) the record-keeping requirements for fires and fire-prevention inspections apply only to fire departments and municipalities; and (3) the record-keeping requirement for low-use mobile kitchens applies only where an exemption is desired from installing an exhaust hood and corresponding automatic fire suppression system.

**Long-Range Fiscal Implications**

None known.
