Assumptions Used in Arriving at Fiscal Estimate

Rule Summary:

The 2009 Wisconsin Act 28, the 2009-11 Budget Bill, increased the fees that support asbestos activities. This rule package increases the rules in NR 410.05 to be the same as found in the budget bill.

Fiscal Estimate:

The 2009-11 Budget Bill increased asbestos inspection fees to: \$135 for small, defined as 160 square feet to 260 linear feet; \$350 for medium, defined as involving greater than 160 square feet or 260 linear feet but less than 1,000 combined feet; \$575 for large, defined as greater than or equal to 1,000 combined feet but less than 5,000 combined feet, and \$1,200 for extra large, defined as greater than 5,000 combined feet. These new fees are approximately a 60% increase from the current fees.

The bill also created a new \$100 fee for notification revisions and a new \$100 fee for community fire training burns. Finally, the bill provided supporting statutory language for the above-mentioned fees and for the Department to charge double inspection fees to a project for which a notice of an asbestos renovation or demolition activity was not provided, as required by the Department.

It is projected that the increased fees will generate \$246,400 annually.

Long-Range Fiscal Implications

The current economic downturn will likely result in less building and renovation activity in the short term. This will likely translate into decreased revenue from notification and inspection fees in the short-term.
