Assumptions Used in Arriving at Fiscal Estimate

Background

Prior to the adoption of 2009 Wis. Act 28, Wisconsin had detailed statutes (See ss. 94.38 through 94.46, Wis. Stats.) that prescribed standards for seed germination and seed labeling. As part of 2009 Wis. Act 28, the Legislature amended the statutes that govern the regulation of seed. The changes adopted as part of 2009 Wis. Act 28 repealed those germination and labeling standards effective January 1, 2011 and gave the department authority to establish standards for germination, labeling, distribution and sale of agricultural seed and vegetable seed by rule.

This rule modifies Wisconsin’s agricultural and vegetable seed rule. Among other things, this rule:

- Establishes new rules related to seed labeling;
- Modifies current rules related to standards of germination, analysis, sampling, inspection, and examination;
- Established new rules related to native seeds;
- Incorporates the fee schedule for labeler’s licenses contained in s.94.43, Stats.
- Makes other minor changes to update, clarify and correct current agricultural and vegetable seed rules.

The rule revisions have no fiscal effect on state or local government.

Impact of the Proposed Rule on State Government

The proposed rule will have no fiscal impact on state government. Fee changes included in the proposed rule have already been implemented in the statute (s. 94.43, Wis. Stats).

Impact of the Proposed Rule on Local Government

The proposed rule will have no fiscal impact on local government.
