1. Basis and purpose of the proposed rule.

As required by section 560.206 (4) of the Statutes, these rule changes would update chapter Comm 133 to make it consistent with the portions of 2007 Wisconsin Act 20 and 2009 Wisconsin Act 28 that relate to tax credits for film production services and film production company investments.

2. How the proposed rule advances relevant statutory goals or purposes.

The proposed rule changes would foster targeted development and growth of film, video, electronic game, broadcast entertainment and television productions in Wisconsin; and establishment of film production companies in Wisconsin.

3. Changes to the rule analysis or fiscal estimate that was prepared for public hearing.

No substantive changes were made to the rule analysis or fiscal estimate.

FINAL REGULATORY FLEXIBILITY ANALYSIS

Department of Commerce

CLEARINGHOUSE RULE 10-116
NO.: _____

RULE NO.: Chapter Comm 133

RELATING TO: Film Production Accreditation Program

Final regulatory flexibility analysis not required. (Statement of determination required.)

1. Reason for including or failing to include the following methods for reducing impact of the rule on small businesses: Less stringent compliance or reporting requirements; less stringent schedules or deadlines for compliance or reporting requirements; simplification of compliance or reporting requirements; establishment of performance standards to replace design or operational standards; exemption from any or all requirements.

Less stringent requirements are not proposed for small businesses because the directives under which these rules are proposed, in section 560.206 of the Statutes, do not provide such flexibility.

2. Issues raised by small businesses during hearings, changes in proposed rules as a result of comments by small businesses and reasons for rejecting any alternatives suggested by small businesses.

No issues were raised.

3. Nature and estimated cost of preparation of any reports by small businesses.

Applicants will need to newly submit verification of (1) purchasing corresponding tangible personal property and other items, property, and goods from Wisconsin-based sources; and (2) spending at least 35 percent of the total budget for an accredited production, in Wisconsin. Any corresponding cost is estimated to be substantially less than the financial benefit of the tax credit.

4. Nature and estimated cost of other measures and investments required of small businesses.

The rules are not expected to impose significant costs on small businesses for other measures because the rules address submittal of documentation, and other activities, only by applicants that choose to pursue the tax credits.

5. Additional cost to agency of administering or enforcing a rule which includes any of the methods in 1. for reducing impact on small businesses.

None of the methods listed in 1. for reducing small-business impacts are included in the proposed rules.

6. Impact on public health, safety and welfare caused by including any of the methods in 1. for reducing impact on small businesses.

None of the methods listed in 1. for reducing small-business impacts are included in the proposed rules.
