Assumptions Used in Arriving at Fiscal Estimate

The Safety and Buildings Division is responsible for administering and enforcing rules relating to the design, installation or construction, inspection and maintenance of private onsite wastewater treatment systems. The proposed rules consist of updates of chapters Comm 81 to 84 relating to private sewage systems.

The proposed rules implement the mandates imposed by 2009 Wisconsin Act 392. The Act affects governmental units (counties) by setting deadlines for the completion of an inventory of private sewage systems within their jurisdictions. However, Act 392 does not impose any additional responsibilities that would have a fiscal effect.

The proposed rules will not have a significant effect on the private sector.

Long-Range Fiscal Implications

No long-range fiscal implications are anticipated.
