Initial Regulatory Flexibility Analysis

This rule is expected to positively impact business, including small businesses. Portions of the rule clarify and clean up outdated rule language making the regulations easier to understand. Other portions of the rule expand existing exemptions from the need to obtain a permit from the Department or eliminate the need to submit permit renewal applications.

This rule does not change or impose new recordkeeping or reporting requirements on small businesses or change any schedules or deadlines for compliance reporting.

The Small Business Regulatory Coordinator may be contacted at SmallBusiness@dnr.state.wi.us, or by calling (608) 266-1959.
