Policy Problem Addressed by the Rule

The objective of the proposed rule is a technical change to repeal sections of PI 36 that are obsolete due to the enactment of 2013 Wisconsin Act 20 with respect to the part time open enrollment program.

Summary of Rule's Economic and Fiscal Impact on Specific Businesses, Business Sectors, Public Utility Rate Payers, Local Governmental Units and the State's Economy as a Whole (Include Implementation and Compliance Costs Expected to be Incurred)

Local:

None. 2013 Wisconsin Act 20 eliminated the part time open enrollment program from statutes under s. 118.52, Stats., in lieu of the newly-created Course Options Program. Since there is no longer any statutory authority for implementing this program, the rules are no longer necessary. Thus, this rule change will eliminate the part time open enrollment program section from PI 36 and will align administrative code with the changes in statute.

State:

No fiscal effect.

Benefits of Implementing the Rule and Alternative(s) to Implementing the Rule

The rule needs to be revised to align PI 36 with the statutory changes to s. 118.52, Stats., as a result of 2013 Wisconsin Act 20. Without this change, PI 36 will be inconsistent with current statute.

Long Range Implications of Implementing the Rule

Because 2013 Wisconsin Act 20 eliminated the part time open enrollment program from statutes, there is no explicit statutory authority for implementing this rule; therefore, this subchapter of PI 36 is being eliminated from the DPI Administrative Code and will update PI 36 to align with current statute.
