PROPOSED ORDER

An order of the department to repeal SPS 305.73 (3) (a) (Note) and amend SPS 305.73 (3) (a) and (4) (a) and (Note), (b) and (Note), and (c) (Note 1), relating to liquefied gas suppliers.

Analysis prepared by the Department of Safety and Professional Services.

ANALYSIS

Statutes interpreted:

Section 101.16 (3g) (a), (3r), and (4), Stats.

Statutory authority:

Section 101.02 (1), Stats.

Explanation of agency authority:

Section 101.02 (1), Stats., provides “[t]he department shall adopt reasonable and proper rules and regulations relative to the exercise of its powers and authorities and proper rules to govern its proceedings and to regulate the mode and manner of all investigations and hearings.

Related statutes or rules:

None.

Plain language analysis:

The proposed rules reflect the provisions of 2015 Wisconsin Act 327, which replaces the term “retail supplier” with the term “retailer” and changes the financial responsibility requirements for retailers of liquefied petroleum gas.

Current rules authorize a person applying for or holding a liquefied gas supplier or liquefied gas supplier – restricted license to have either 1) a surety bond, 2) an irrevocable letter of credit, or 3) commercial general liability insurance as the proof of financial responsibility required under s. 101.16, Stats. The proposed rule amends s. SPS 305.73 to reflect the provisions of 2015 Wisconsin Act 327, which, effective October 1, 2016, eliminates the first 2 options listed above. Under the Act, a person applying for or holding a liquefied gas supplier or liquefied gas supplier – restricted license is required to have commercial general liability insurance.

Summary of, and comparison with, existing or proposed federal statutes and regulations:

None.

Comparison with rules in adjacent states:

An Internet-based search found the states of Illinois, Iowa, Michigan, and Minnesota do not have rules relating to the licensing of retail liquefied gas suppliers.

Summary of factual data and analytical methodologies:

The proposed rules were developed by reviewing the provisions of 2015 Wisconsin Act 327 in conjunction with the current rules relating to liquefied gas suppliers under s. SPS 305.73.

Analysis and supporting documents used to determine effect on small business or in preparation of economic impact analysis:

The proposed rules were posted for a period of 14 days to solicit public comment on economic impact, including how the proposed rules may affect businesses, local government units, and individuals. No comments were received.

Fiscal Estimate and Economic Impact Analysis:

The Fiscal Estimate and Economic Impact Analysis document is attached.

Effect on small business:

These proposed rules do not have an economic impact on small businesses, as defined in s. 227.114 (1), Stats. The Department's Regulatory Review Coordinator may be contacted by email at Greg.Gasper@wisconsin.gov, or by calling (608) 261-4466.
