Summary of, and comparison with, existing or proposed federal regulations: N/A

Comparison with rules in adjacent states: N/A

Summary of factual data and analytical methodologies:

2015 Wisconsin Act 55 made several changes to the statutes governing the licensure of school personnel, including the creation of an experienced-based technical education license. Recent changes to PI 34 were made to reflect those changes in statute. However, 2015 Wisconsin Act 259 further amended those statutes to also include experience-based licensure for

vocational education subjects. The proposed rule is needed to align PI 34 with the statutory changes in 2015 Wisconsin Act 259. Otherwise, the rule will not reflect current law.
