6. Fiscal Effect of Implementing the Rule			
No Fiscal Effect	Increase Existing Revenues	⊠ Increase Costs	
Indeterminate	Decrease Existing Revenues	🛛 Could Absorb Within Agency's Budget	
		Decrease Cost	
7. The Rule Will Impact the Following (Check All That Apply)			
□ State's Economy □ Speci		ific Businesses/Sectors	
Local Government Units	overnment Units		
Small Businesses (if checked, complete Attachment A)			
8. Would Implementation and Compliance Costs Be Greater Than \$20 million?			
🗆 Yes 🛛 No			
0. Deliev Broklem Addressed by the Bule			

9. Policy Problem Addressed by the Rule

The proposed rules specify approved providers of continuing education, which will result in more transparent and consistent approval of continuing education. This change also will provide professional engineers greater assurance that the time and money spent on obtaining continuing education will satisfy the requirements set in administrative code.

Current rules require late renewal applicants to submit a record with information providing proof of compliance with the continuing education requirements. The proposed rules require late renewal applicants to follow the same procedures as those applicants who renew prior to the established renewal date. The change would require late renewal applicants to 1) certify on the application full compliance with the continuing education requirements and 2) maintain records of completed continuing education.

There are other proposed amendments to provide clarity and consistency in the chapter.

10. Summary of the businesses, business sectors, associations representing business, local governmental units, and individuals that may be affected by the proposed rule that were contacted for comments.

This was posted for economic comments for 14 days and none were received.

11. Identify the local governmental units that participated in the development of this EIA. None.

12. Summary of Rule's Economic and Fiscal Impact on Specific Businesses, Business Sectors, Public Utility Rate Payers, Local Governmental Units and the State's Economy as a Whole (Include Implementation and Compliance Costs Expected to be Incurred)

The Department has determined that the proposed rule changes will have a very small fiscal effect related to updating applications, forms, and web content as well as updating internal standard operating procedures and checklists. The costs

ADMINISTRATIVE RULES Fiscal Estimate & Economic Impact Analysis

will amount to less than \$500.00.

13. Benefits of Implementing the Rule and Alternative(s) to Implementing the Rule

The primary benefits of implementing this rule include providing transparent and consistent approval of continuing education, which additionally provides professional engineers greater assurance that the time and money spent on such continuing education satisfies the requirements of the administrative code.

If the rule is not implemented, then professional engineers will continue to have uncertainty when enrolling in continuing education credits.

14. Long Range Implications of Implementing the Rule

The long range implications of implementing the rule is providing transparency and consistency in the approval of continuing education for professional engineers.

15. Compare With Approaches Being Used by Federal Government

None.

16. Compare With Approaches Being Used by Neighboring States (Illinois, Iowa, Michigan and Minnesota)

Illinois:

Professional development hour (PDH) requirements for professional engineers are set forth in 68 Ill. Adm. Code 1380.325. The following are identified as acceptable providers for structured educational activities:

- National Council of Examiners for Engineering and Surveying (NCEES)
- National Society of Professional Engineers (NSPE)
- Illinois Society of Professional Engineers (ISPE)
- American Council of Engineering Companies of Illinois (ACEC-IL)
- Technical or professional societies or organizations relating to professional engineering, including the American Society of Civil Engineers (ASCE)
- Colleges, universities, or other educational institutions
- Other technical or professional societies or organizations, including manufacturers

Upon satisfactory evidence of compliance with PDH requirements, a nonrenewed license is restored upon payment of the required fee.

Iowa:

Professional development hour (PDH) requirements for professional engineers and land surveyors are set forth in 193C IAC 7.1 to 7.8. The rules do not specifically identify acceptable or approved providers of education nor provide requirements for late renewal of a license different than those for timely renewal.

Michigan:

Continuing education requirements for professional engineers are set forth in Mich Admin Code, R 339.16040 to R

ADMINISTRATIVE RULES Fiscal Estimate & Economic Impact Analysis

339.16044. The rules do not specifically identify acceptable or approved providers of education nor provide requirements for late renewal of a license different than those for timely renewal.

Minnesota:

Professional development hour (PDH) requirements for professional engineers, land surveyors, landscape architects, geoscientists, and interior designers are set forth in MN Statute 326.107. The statutes do not specifically identify acceptable or approved providers of education nor provide requirements for late renewal of a license different than those for timely renewal.
