9. Estimate of Implementation and Compliance to Businesses, Local Governmental Units and Individuals, per s. 227.137(3)(b)(1). \$0			
10. Would Implementation and Compliance Costs Businesses, Local Governmental Units and Individuals Be \$10 Million or more Over Any 2-year Period, per s. 227.137(3)(b)(2)?			
11. Policy Problem Addressed by the Rule Annually, the department submits rule change proposals relating to hunting, trapping and wildlife management. The			
statewide April Spring Fish and Wildlife hearings are the traditional vehicle for citizen input. Specifically, individual sections of this rule proposal will:			
 Simplify the river otter trapping season framework by establishing an annual bag limit instead of requiring permits obtained through a drawing. 			
2. Allow trappers to set traps on beaver dams located on private land with written permission from the landowner.			
3. Allow trappers to retain raccoons incidentally caught in beaver traps after the close of the raccoon season.			
4. Move the pheasant shooting hour closure on certain properties from 2 p.m. to 12 p.m.			
5. Simplify weapons and ammunition restrictions that currently apply to hunters.			
6. Allow the department to regulate target shooting on department properties in Rock County

ADMINISTRATIVE RULES Fiscal Estimate & Economic Impact Analysis

14. Summary of Rule's Economic and Fiscal Impact on Specific Businesses, Business Sectors, Public Utility Rate Payers, Local Governmental Units and the State's Economy as a Whole (Include Implementation and Compliance Costs Expected to be Incurred)

These rules, and the legislation which grants the department rule making authority, do not have a fiscal effect on the private sector or small businesses. These rules are applicable to individual sportspersons and impose no compliance or reporting requirements for small business, nor are any design or operational standards contained in the rule.

These rules are not expected to significantly affect currently available outdoor opportunities and no impacts to the economic activities of hunters, trappers, or outdoor recreation enthusiasts are expected.

15. Benefits of Implementing the Rule and Alternative(s) to Implementing the Rule These proposals will contribute to providing good opportunities for hunting and trapping and maintenance of the economic activity generated by people who participate in those activities

16. Long Range Implications of Implementing the Rule

The long range implications of this rule proposal will be the same as the short term impacts. These proposals will contribute to providing good opportunities for hunting and trapping and maintenance of the economic activity generated by people who participate in those activities.

17. Compare With Approaches Being Used by Federal Government

States possess inherent authority to manage the wildlife resources located within their boundaries, except insofar as preempted by federal treaties and laws, including regulations established in the Federal Register. None of these rule changes violate or conflict with the provisions established in the Federal Code of Regulations.

18. Compare With Approaches Being Used by Neighboring States (Illinois, Iowa, Michigan and Minnesota) These rule change proposals do not represent significant policy changes and do not differ significantly from surrounding states. All surrounding states have regulations and rules in place for the management and recreational use of wild game and furbearer species that are established based on needs that are unique to that state's resources and public desires.
