ANALYSIS

Statutes interpreted: ss. 111.335 (4), 443.03, and 443.09, Stats.

Statutory authority: ss. 15.08 (5) (b) and 227.11 (2) (a), Stats.

Explanation of agency authority:

Section 15.08 (5) (b), Stats., provides an examining board, “shall promulgate rules for its own guidance and for the guidance of the trade or profession to which it pertains...”

Section 227.11 (2) (a), Stats., provides that, “each agency may promulgate rules interpreting the provisions of any statute enforced or administered by the agency, if the agency considers it necessary to effectuate the purpose of the statute, but a rule is not valid if the rule exceeds the bounds of correct interpretation.”

Related statute or rule:

A-E 11

Plain language analysis:

The Section has reviewed the chapter and made revisions to:

- Insert cross-references into s. A-E 9.06 (6) for relevant statutes to implement 2017 Act 278, which made various changes to the circumstances under which a licensing agency may base its decisions on an individual's criminal history; and
- Revise the chapter for clarity, consistency, and to meet drafting standards.

Summary of, and comparison with, existing or proposed federal regulation:

None.

Comparison with rules in adjacent states:**Illinois:**

Landscape architects are licensed by the Illinois Landscape Architect Registration Board under the Illinois Department of Financial and Professional Regulation. The Board does not have a process for preliminary determinations concerning whether any court judgments against the applicant would result in a denial of a license. If an applicant has a criminal history, the board must consider mitigating factors and evidence of rehabilitation. The board may not consider sealed or expunged records.

Iowa:

Landscape architects are licensed by the Landscape Architectural Examining Board, attached to the Iowa Professional Licensing Bureau. The Board does not have a process for preliminary determinations concerning whether any court judgments against the applicant would result in a denial of a license. The application requirements are substantially similar to Wisconsin's requirements.

Michigan:

Landscape architects are directly licensed by the Bureau of Professional Licensing of the Department of Licensing and Regulatory Affairs. Under s. 339.202a, MCL, the department shall provide preliminary determinations concerning whether any court judgments against an applicant would result in a denial of a license.

Minnesota:

Landscape architects are licensed by the Minnesota Board of Architecture, Engineering, Land Surveying, Landscape Architecture, Geoscience, and Interior Design. The Board does not have a process for preliminary determinations concerning whether any court judgments against the applicant would result in a denial of a license. If an applicant has a criminal history, the board must consider mitigating factors and evidence of rehabilitation.

Summary of factual data and analytical methodologies:

The Landscape Architect Section of the Examining Board of Architects, Landscape Architects, Professional Engineers, Designers, and Professional Land Surveyors closely reviewed A-E 9 to develop the proposed rule revisions.
