RULE SUMMARY

Statute interpreted

Not applicable.

Statutory authority

Section 227.11 (2) (a), Stats.:

(2) Rule-making authority is expressly conferred on an agency as follows:

(a) Each agency may promulgate rules interpreting the provisions of any statute enforced or administered by the agency, if the agency considers it necessary to effectuate the purpose of the statute, but a rule is not valid if the rule exceeds the bounds of correct interpretation. All of the following apply to the promulgation of a rule interpreting the provisions of a statute enforced or administered by an agency:

1. A statutory or nonstatutory provision containing a statement or declaration of legislative intent, purpose, findings, or policy does not confer rule-making authority on the agency or augment the agency's rule-making authority beyond the rule-making authority that is explicitly conferred on the agency by the legislature.
2. A statutory provision describing the agency's general powers or duties does not confer rule-making authority on the agency or augment the agency's rule-making authority beyond the rule-making authority that is explicitly conferred on the agency by the legislature.
3. A statutory provision containing a specific standard, requirement, or threshold does not confer on the agency the authority to promulgate, enforce, or administer a rule that contains a standard, requirement, or threshold that is more restrictive than the standard, requirement, or threshold contained in the statutory provision.

Explanation of agency authority

2019 Executive Order 15

2019 Wis. Act 1

Plain language analysis

The objective of this proposed rulemaking order is to comply with 2019 Executive Order 15. The executive order requires each state agency to review its administrative rules and replace any derogatory or offensive terms with current, inclusive terms. Because the Department has been directed by 2019 Executive Order 15 to update the affected rules, there is no reasonable alternative to rulemaking. Many of the effective rule chapters were amended by 2019 Wis. Act 1, and the Department is in the process of revising or repealing many of the rule chapters listed in the Statement of Scope. This proposed rule order aims to replace any outdated and non-inclusive terms not addressed by 2019 Wis. Act 1 or the department's other active rulemaking.

Summary of, and comparison with, existing or proposed federal regulations
