

Clearinghouse Rule 21-008

**PROPOSING ORDER OF THE  
STATE SUPERINTENDENT OF PUBLIC INSTRUCTION  
REVISING PERMANENT RULES**

The scope statement for this rule, SS 151-20, was published in Register No. 780A1, on December 7, 2020, and approved by State Superintendent Carolyn Stanford Taylor on December 21, 2020.

The State Superintendent of Public Instruction hereby proposes an order to amend s. PI 17.03 (2) (d), relating to expanding virtual summer and interim session courses.

---

**ANALYSIS BY THE DEPARTMENT OF PUBLIC INSTRUCTION**

**Statute interpreted:** s. 121.14, Stats.

**Statutory authority:** s. 121.14 (1) (a), Stats.

**Explanation of agency authority:**

The department is given rulemaking authority to establish criteria for summer and interim session classes under s. 121.14 (1) (a), Stats.:

**121.14 State aid for summer classes and interim session classes.**

**(1)**

**(a)** State aid shall be paid to each district or county children with disabilities education board for all of the following:

1. Subject to par. (b), those academic summer classes or laboratory periods that are for necessary academic purposes, as defined by the state superintendent by rule.

**Related statute or rule:**

The department had previously issued an emergency rule on a related topic, Emergency Rule 2003 relating to expanding virtual summer and interim session courses, which was in effect from May 5, 2020, to October 1, 2020.

**Plain language analysis:**

The objective of the proposed rule is to expand options for school districts and county children with disabilities education boards. The proposed rule will amend ch. PI 17 of the Wisconsin Administrative Code to include virtual instruction taught to any grade level during summer classes or laboratory periods that are necessary for academic purposes. The proposed rule will create consistency between the rules governing how virtual courses are aided during the summer and interim session and the regular school year.

**Summary of, and comparison with, existing or proposed federal regulations:**

There are no comparable existing or proposed federal regulations intended to address the activities regulated by this proposed rule.

**Summary of any public comments and feedback on the statement of scope for the proposed rule that the agency received at a preliminary public hearing and comment period held and a description of how and to what extent the agency took those comments into account and drafting the proposed rule:**

The Department held a preliminary public hearing and comment period on December 11, 2020, and received comments on the statement of scope for the proposed rule. A brief summary of comments and the Department's response to those comments are as follows:

- The participants at the hearing spoke in support of the proposed rule and argued in favor of additional options for keeping students engaged in their learning during summer and interim sessions.

**Agency Response:** These comments were forwarded to program staff for consideration during the rulemaking process.

- Some respondents noted an increase in the number of students who opted to use the option to enroll in virtual courses. The respondents believe that the proposed rule could be helpful for school districts seeking to offer additional options for students during summer and interim sessions.

**Agency Response:** These comments were forwarded to program staff for consideration during the rulemaking process.

### **Comparison with rules in adjacent states:**

Illinois: There are no comparable rules with respect to virtual summer and interim session courses in Illinois.

Iowa: 281 Iowa Administrative Code Chapter 15 governs the use of online learning and telecommunications for instruction by schools. However, there are no comparable rules with respect to virtual summer and interim session courses.

Michigan: There are no comparable rules with respect to virtual summer and interim session courses in Michigan.

Minnesota: There are no comparable rules with respect to virtual summer and interim session courses in Minnesota.

### **Summary of factual data and analytical methodologies:**

Chapter PI 17 of the Wisconsin Administrative Code establishes criteria for summer and interim session classes receiving state aid, as authorized under s. 121.14, Stats. Pursuant to s. 121.14, Stats., a school district or county children with disabilities education board may count pupils for aid membership for those academic summer classes or laboratory periods that are necessary for academic purposes. Summer and interim session classes necessary for academic purposes include: 1) music programs, lessons, sectionals or clinics, if taught by a department-licensed teacher; 2) swimming instruction programs, if taught or directed by a department-licensed teacher at the site of the instruction; 3) instructional minutes, per pupil, per day, including field trips if accompanied by a department-licensed teacher and if all pupils have equal access to the field trips, regardless of their ability to pay; and 4) online classes offered to high school pupils and pupils in grades 7 and 8 that meet the requirements of s. 121.004 (8) (b), Stats., and s. PI 36.11 (1) and in which at least 8,100 minutes of direct instruction are required to earn one credit (to be prorated accordingly if fewer minutes of direct instruction are provided).

The department proposes to expand options for school districts and county children with disabilities education boards for which they may be able to receive state aid during summer classes or laboratory periods. The proposed rule will amend ch. PI 17 to include virtual instruction taught to any grade level during summer classes or laboratory periods that are necessary for academic purposes. The proposed rule will create consistency between the rules governing how virtual courses are aided during the summer and interim session and the regular school year. Without a rule, the department will be required to implement PI 17 as the rules currently exist.
