Plain language analysis: As reflected in the March 2021 Wisconsin Hearing and Speech Examining Board Biennial report to the Legislature in compliance with s. 227.29 (1), Stats., two rule objectives were listed as items to be addressed as scope projects: (1) updating outdated 1998 ANSI 3.6 audiometric standards; and (2) removing the option of a certificate of clinical competence as an educational licensure requirement.

A third rule objective was to implement 2017 Act 143 which entitles service members, former service members who were discharged within the prior four years under conditions other than dishonorable, and spouses of service members or former service members, to obtain an audiologist or speech language pathology credential if the person resides in Wisconsin, and is in good standing with the governmental authorities in every jurisdiction outside Wisconsin that have granted the individual a credential that qualifies the individual to perform these authorized services under the appropriate credential. The license, once granted, may be renewed indefinitely.

Summary of, and comparison with, existing or proposed federal regulation: None.
