ANALYSIS PREPARED BY THE OFFICE OF THE COMMISSIONER OF INSURANCE

Statutory authority: s. 601.41(3), 601.42, 628.34(12), 628.38, 631.20, 632.76, 632.81, Stats.

Statutes interpreted: s. 600.03 (28r), 628.34 (12), Stats.

Due to changes in federal law as a result of the Medicare, Medicaid and SCHIP Benefits Improvement and Protection Act (“BIPA”), amendments are necessary in order that Wisconsin Medicare supplement insurance regulation is in compliance with the national association of insurance commissioners (“NAIC”) Medicare supplement insurance minimum standards model act modifications.

Under the previous federal law and model act a potential timing gap was created such that persons who were provided notice of cessation or termination of

employee welfare benefit plans in excess of 63 days were put in an untenable position of withdrawing early from the employee welfare benefit plan that may have attractive insurance features (such as more comprehensive coverage) and switching to the Medigap policy so as not to risk losing their guaranteed issue rights as they are unable to simultaneously keep a Medigap application current and delay the effective date of the policy beyond the 63 day window. The modifications to BIPA and the NAIC model act, and regulation and as reflected in the changes made to INS 3.39, altered time periods to provide the broadest application of when and how the guaranteed issue period is triggered and calculated for eligible persons as defined within s. Ins 3.39(34)(b) to alleviate most of the potential problems.

Specifically, s. Ins 3.39(34)(c), as newly created, provides that the guaranteed issue period for persons enrolled in an employee welfare benefit plan begins on the later of two dates: (1) the date the individual receives a notice of termination or cessation of all supplemental health benefits and ends 63 days after the date of termination of the coverage. Or, (2) if the individual was not directly notified, the date the individual received notice that a claim has been denied because the plan terminated or ceased offering insurance and ends 63 days after the date of the actual notice of the denied claim.

Section Ins 3.39(34)(b) describes several additional distinct groups of persons who may be eligible for guaranteed issue of Medicare supplement or Medigap coverage. Several subsections within s. Ins 3.39(34)(b) were modified slightly without significant changes. Section Ins 3.39(34)(c), as newly created, references the different groups of eligible persons and specific situations that then trigger guaranteed issue rights and provide time periods specific to each situation.

Modifications were also made for extended Medicare supplement insurance guaranteed issue as a result of interrupted trial periods. Section Ins 3.39(34)(d), as newly created, describes the circumstances of how and when such an extension is applicable for eligible persons who had a Medicare supplement policy and subsequently enrolled, for the first time, in a Medicare + Choice or other described plan under s. Ins 3.39(34)(b) 5. and 6., the manner in which the guaranteed issue period of time will be treated.

Other modifications made in this proposed rule include clarification of eligible expenses that are to include outpatient services paid under the prospective payment system and correcting references to Medicare supplement insurance and federal provisions.
