Plain language analysis:

An issue that is prevalent in the health care system is overtreatment and excessive diagnostic testing of patients by health care professionals. Overtreatment and excessive use of diagnostic testing and surgical procedures result in increased costs to patients as well as exposure to increased risk of infection, diseases, and complications. The Podiatry Affiliated Credentialing Board recognized this issue and decided to address it with these proposed rules. The proposed rule seeks to add a provision to the Unprofessional Conduct chapter Wisconsin Administrative Code Chapter Pod 2.

Summary of, and comparison with, existing or proposed federal regulation:
