Accy 7.02 Definitions. (1) A bachelor's degree is a baccalaureate degree normally conferred by universities and colleges at the completion of at least a 4-year, full-time, academic-year program of study. (Some students complete the 4-year bachelor's degree in less than 4 years by attending summer school or maximum course loads over a number of academic semesters.)

(2) Regional equivalents of the North Central Association of Colleges and Schools are the New England Association of Schools and Colleges, Middle States Association of Colleges and Secondary Schools, Northwest Association of Schools and Colleges, Southern Association of Schools and Colleges, and Western Association of Schools and Colleges.

(3) A "resident major in accounting" is a course of study identified by a school accredited by the North Central Association of Colleges and Schools or its regional equivalent as a major in accounting. Where more than one course of accounting study is offered by a school, the course of study for public accounting shall be the defined "resident major in accounting."

(2) An applicant for a certificate as a certified public accountant shall submit to the board an official transcript or transcripts of all academic work completed evidencing the awarding of a bachelor's or higher degree and a written request for an equivalency evaluation. Course work for equivalency may be accepted only if completed at an institution accredited by the North Central Association of Colleges and Schools or its regional equivalent or if it could be transferred to an accredited institution for credit toward the institution's accounting major.

(3) Applicants shall be informed in writing by the board of educational equivalency or of program deficiencies. Applicants

with educational deficiencies shall submit evidence of satisfactory completion of deficient course work prior to being granted a certificate.
