11. Policy Problem Addressed by the Rule This proposed rule sets fees for certain filings or requests made to the department pursuant to Wisconsin's Revised Uniform Partnership Act (RUPA), which was enacted in 2016 and codified as ch. 178, Stats. RUPA authorizes the Department to collect "a fee for filing, or providing a certified copy of, a record under this chapter," and states that any such fees must be "established by the department by rule." s. 178.0120, Stats. Since the 2016 enactment of RUPA, no such rule has been promulgated—and thus the department has collected no fees for general and limited liability partnership filings, despite continuing to collect filing fees for corporations, limited liability companies, and other types of business entities. This proposed rule remedies that inconsistency and ensures that partnerships pay their fair share of the state's cost of maintaining business filings and responding to certified-copy requests. The proposed rule would establish the fees the department is authorized to collect for: (1) filing documents under RUPA; (2) providing certified copies of business records under RUPA; (3) providing certificates of status for limited liability partnerships; (4) expediting filings or certificates; and (5) filing records in paper format.	
12. Summary of the Businesses, Business Sectors, Associations Representing Business, Local Governmental Units, and Individuals that may be Affected by the Proposed Rule that were Contacted for Comments. The rule will affect domestic and foreign partnerships, as defined under ss. 178.0102(6) and 178.0102(11), Stats. These entities have not been individually contacted for comment, but will have the opportunity to comment pursuant to the rule making process under ch. 227, Stats.

14. Summary of Rule's Economic and Fiscal Impact on Specific Businesses, Business Sectors, Public Utility Rate Payers, Local Governmental Units and the State's Economy as a Whole (Include Implementation and Compliance Costs Expected to be Incurred) The proposed rule would have no significant impact on small businesses, as defined in s. 227.114(1), Stats. The department contemplates that the fees to be charged will be comparable to those charged for similar filings by other entities, with standard (i.e., non-expedited) fees ranging from \$10 to \$150 depending on the type of document and

whether the partnership is domestic or foreign. The department contemplates that document fees at the high end of that range would relate to a one-time event (e.g., articles of merger or foreign registration statements), while fees for filing annual reports would be only \$25 for domestic partnerships and \$65 for foreign partnerships. Taking the total number of expected annual filings and the fees collected for these, the department estimates that the average cost for a partnership would be approximately \$39.

15. Benefits of Implementing the Rule and Alternative(s) to Implementing the Rule

Implementing the rule brings the department into compliance with the legislature's requirement under s. 178.0120(2)(a), Stats., that the department promulgate a rule to collect fees for filing partnership records, providing certified copies and certificates of status, processing expedited requests, and filing records in paper for format. The legislature did not authorize an alternative to the requirement to promulgate a rule.

16. Long Range Implications of Implementing the Rule

These fees fund the department's general program operations, including the cost of filing, maintaining and providing records under ch. 178. Any remaining balance is transferred at year-end to the state's general fund, pursuant to s. 20.144(1)(g), Stats.

17. Compare With Approaches Being Used by Federal Government

The Wisconsin Uniform Partnership Act is based on the Revised Uniform Partnership Act, a uniform law which has been approved and recommended for enactment in all states by the National Conference of Commissioners on Uniform State Laws. Laws regarding the organization and registration of partnerships are matters of state law; there is no parallel federal regulation.

18. Compare With Approaches Being Used by Neighboring States (Illinois, Iowa, Michigan and Minnesota)

Illinois, Minnesota and Iowa have adopted the Revised Uniform Partnership Act, and for records under this act, established comparable fees. Michigan has not adopted the act, but has established comparable fees for the same. Filing fees in these states range as follows: Illinois, \$25 - \$500; Minnesota \$25 - \$135; Iowa and Michigan, \$5 - \$100. Expedited fees in these states range up to the following: Illinois, \$200; Minnesota, \$520; Michigan, \$1000. Iowa does not offer expedited service..
