**SECTION 9.** Tax 11.33 (4) (a) (intro.) and (a) 3. and (5) (c), 11.34 (3) (bg), 11.35 (2) (b), (5) (a) and (a) (Example), (5) (b) and (b) (Example 1) and (Example 2), (6) (a) and (a) (Example 1), (Example 2), (Example 3), and (Example 5), (6) (b) and (b) (Example 2), (7) (b) (Example), (7) (c) (Example 1) and (Example 2), (7) (d) (Example), and (8) (Note 2) are amended to read:

Tax 11.33 (4) (a) (intro.) The sale of a motor vehicle, snowmobile, recreational vehicle as defined in s. 340.01 (48r), Stats., trailer, semitrailer, all-terrain vehicle, utility terrain vehicle, off-highway motorcycle, or aircraft that is registered or titled in Wisconsin or required to be registered or titled in Wisconsin is an exempt occasional sale only if one of the following applies:

3. The motor vehicle, snowmobile, recreational vehicle as defined in s. 340.01 (48r), Stats., trailer, semitrailer, all-terrain vehicle, utility terrain vehicle, off-highway motorcycle, or aircraft is sold by a nonprofit organization meeting the requirements in s. Tax 11.35 (4).

(5) (c) Sales of motor vehicles, aircraft, boats, recreational vehicles as defined in s. 340.01 (48r), Stats., snowmobiles, trailers, semitrailers, all-terrain vehicles, ~~and~~ utility terrain vehicles, and off-highway motorcycles. Unless exempt, a use tax or sales tax pursuant to s. Tax 11.14 (2) (c) shall be paid by the purchaser at the time the motor vehicle, aircraft, boat, recreational vehicle as defined in s. 340.01 (48r), Stats., snowmobile, trailer, semitrailer, all-terrain vehicle, ~~or~~ utility terrain vehicle, or off-highway motorcycle is registered or titled within Wisconsin.

Tax 11.34 (3) (bg) A sale of a motor vehicle, snowmobile, recreational vehicle as defined in s. 340.01 (48r), Stats., trailer, semitrailer, all-terrain vehicle, utility terrain vehicle, off-highway motorcycle, or aircraft that is registered or titled in Wisconsin or required to be registered or titled in Wisconsin, is subject to tax unless s. Tax 11.33 (4) (a) 1. or 2. apply.

Tax 11.35 (2) (b) "Entertainment" means entertainment provided at an admission event by all persons or groups who are paid in the aggregate more than ~~\$500~~ \$10,000 per event by all persons for performing, for reimbursement of expenses or for prize money.

(5) (a) Its sales of otherwise taxable tangible personal property, items, property, or goods under s. 77.52 (1) (b), (c), or (d), Stats., or services or its events occur on ~~20~~ 75 days or less during the calendar year, regardless of the dollar amount of sales. For events involving the sales of tickets, only the actual days of the events are counted, not the days of ticket sales.

(Example) **Example:** A boy scout troop takes orders for Christmas wreaths from ~~October~~ August 1 through November 1. The wreaths are delivered by the troop on December 15 and 16. For purposes of determining whether its events meet the ~~20~~ 75-day test, the troop should use the days of delivery rather than days orders are taken.

(b) Its taxable sales price for tangible personal property, items, property, and goods under s. 77.52 (1) (b), (c), or (d), Stats., and taxable services for the calendar year are ~~\$25,000~~ \$50,000 or less, regardless of the number of days on which its sales or events occur. Sales that are nontaxable are not included for purposes of the ~~\$25,000~~ \$50,000 sales price test.

(Example 1) **Examples: 1** A church sells frozen pizzas. Since sales of frozen pizzas are exempt from sales tax, the sales of the frozen pizzas are not counted as part of the sales price for purposes of the ~~\$25,000~~ \$50,000 receipts test.

(Example 2) **2** A nonprofit organization, which sells hundreds of Christmas trees, sells 5 Christmas trees for \$100 to a public school. Although Christmas trees are taxable tangible personal property, a public school can purchase tangible personal property and items, property, and goods under s. 77.52 (1) (b), (c), and (d), Stats., exempt from sales tax. As a result, this \$100 exempt sale to the school is not counted as part of the sales price for purposes of the ~~\$25,000~~ \$50,000 receipts test.

(6) (a) (Example 1) **Examples: 1** Four different bands are paid ~~\$200~~ \$3,000 each to perform at various times during a 3-day event. There is an admission charge for access to the event. Since the total payment for entertainment (~~\$800~~ \$12,000) exceeds the ~~\$500~~ \$10,000 limit in sub. (2) (b), entertainment is deemed to be involved. As a result, receipts from the event are taxable.

(Example 2) **2** Two nonprofit organizations co-sponsor an admission event at which a band is hired to perform. Each organization pays the band ~~\$300~~ \$5,500. Since the total payment for entertainment (~~\$600~~ \$11,000) exceeds the ~~\$500~~ \$10,000 limit in sub. (2) (b), entertainment is deemed to be involved. As a result, receipts from the event are taxable.

(Example 3) **3** A nonprofit organization sponsors a dinner and dance in the high school gymnasium. The dance band is paid in excess of the ~~\$500~~ \$10,000 limit in sub. (2) (b). There is no separate admission charge. However, access to the dance is restricted to those who have purchased the meal. The "meal" charge constitutes an admission charge to an event involving entertainment. Therefore, sales by the nonprofit organization at this event are taxable.

(Example 5) **5** Nonprofit Organization A sponsors an admission event at which a band is hired to perform. The band is paid more than ~~\$500~~ \$10,000. Nonprofit Organization A allows Nonprofit Organization B, a separate entity, to sell soft drinks and food at the event for consumption on the premises of the event. Although Nonprofit Organization A's sales at the event do not qualify for the occasional sales exemption, Nonprofit Organization B's sales at the event may qualify as exempt occasional sales. The admission charge to the event involving entertainment is made by Nonprofit Organization A, not Nonprofit Organization B.

(b) A nonprofit organization that would otherwise qualify for exempt occasional sales, except for the involvement of entertainment, may obtain a seller's permit from the department for the day or days involving entertainment, pay the sales tax on that event and request inactivation of its seller's permit after the event, and still have exempt occasional sales on days not covered by the seller's permit. Days and receipts from events involving admissions to entertainment for which a seller's permit was obtained are included with all other sales in determining the ~~20~~ 75-day test and the ~~\$25,000~~ \$50,000 taxable receipts test described in sub. (5). A nonprofit organization that obtains a seller's permit for an event and does not request inactivation of its seller's permit after the event does not qualify for the occasional sale exemption while the seller's permit is active, regardless of the number of days and dollar amount of its sales.

(Example 2) **2)** A nonprofit organization holds several events during the year. For one of the events, the nonprofit organization obtains a seller's permit because entertainment is involved, collects sales tax on its receipts of \$5,000 from that event and requests inactivation of its seller's permit after the event. Taxable receipts from its other events must be combined with the \$5,000 of receipts from the event for which it held a seller's permit for purposes of determining whether the ~~\$25,000~~ \$50,000 taxable receipts test is met.

(7) (b) (Example) **Example:** A nonprofit organization has held ~~seven~~ nineteen ~~3~~ 4-day events for a total of ~~24~~ 76 days each year for the past 5 years. Receipts were always over ~~\$25,000~~ \$50,000, and there were no admissions to entertainment events. One event has lost money for the past 2 years. The organization intends to discontinue that event for the following year; thus, it may anticipate coming under the ~~20~~ 75-day standard and request inactivation of its seller's permit in good faith.

(c) (Example 1) **Examples: 1)** A church held ~~48~~ 73 days of events or sales in the current year. Receipts for the events equaled ~~\$30,000~~ \$70,000 and no entertainment was involved. The church expects to hold the same ~~48~~ 73 days of events in the following year. It requests inactivation of its seller's permit. However, in the middle of the following year, the church garage is destroyed by fire. An additional 4-day event is held to raise funds to help replace the garage. Only the receipts from days ~~24~~ 76 and ~~22~~ 77, the days exceeding the standard, are subject to sales tax.

(Example 2) **2)** A garden club is organized in the current year. The garden club is not required to hold a seller's permit and does not apply for one. In the following year, the garden club holds ~~22~~ 77 days of events with taxable receipts from the events of ~~\$30,000~~ \$70,000. Only receipts from days ~~24~~ 76 and ~~22~~ 77, the days exceeding the standard, are subject to sales tax.

(d) (Example) **Example:** A nonprofit organization holds ~~45~~ 70 days of sales in the current year. The organization holds a seller's permit, files sales and use tax returns and pays sales tax on all its receipts in the current year. At the end of the current year, the organization realizes that its sales would have qualified as exempt occasional sales except for its holding of a seller's permit. The organization may not claim a refund of taxes paid while it held a seller's permit.

(8) (Note 2) **Note:** The interpretations contained in s. Tax 11.35 became effective January 1, 1989, pursuant to 1987 Wis. Act 399, except: (a) the \$25,000 receipts standard; and the \$500 entertainment standard became effective January 1, 2006, pursuant to 2005 Wis. Act 25; (b) The change of the term "gross receipts" to "sales price" and the separate impositions of tax on coins and stamps sold above face value under s. 77.52 (1) (b), Stats., certain leased property affixed to real property under s. 77.52 (1) (c), Stats., and digital goods under s. 77.52 (1) (d), Stats., became effective October 1, 2009, pursuant to 2009 Wis. Act 2; and (c) the 75 day standard, the \$50,000 receipts standard, and the \$10,000 entertainment standard became effective January 1, 2017, pursuant to 2015 Wis. Act 364.

**SECTION 10.** Tax 11.41 (4) (a) is amended to read:

Tax 11.41 (4) (a) Fuel and electricity are specifically excluded from the exemption provided by s. 77.54 (2), Stats. However, an exemption is provided in s. 77.54 (30) (a) 6., Stats., for fuel and electricity consumed in manufacturing tangible personal property or items or property under s. 77.52 (1) (b) or (c), Stats., in this state. Consistent with s. 77.51(7h), Stats., "fuel and electricity consumed in manufacturing" means only fuel and electricity used to operate machines and equipment used directly in the step-by-step manufacturing process and does not include fuel and electricity consumed in providing plant heating, cooling, air conditioning, communications, lighting, safety and fire prevention, storing raw materials or finished units of tangible personal property or items or property under s. 77.52(1)(b) or (c), Stats., research and product development, delivery to or from the plant, repairing or maintaining plant facilities, or shipping, advertising, distribution, sales, or administrative department activities.

**SECTION 11.** Tax 11.50 (4) (a) 1. a. and (5) (title) are amended to read:

**SECTION 12.** Tax 11.50 (5) (a) 9. is created to read:
