Initial Regulatory Flexibility Analysis:

The Statement of Scope for proposed rules will modify ss. Ins 3.39 and 3.55, Wis. Adm. Code, to and appendices in order to implement modifications delineated by the National Association of Insurance Commissioners Medicare Supplement Insurance Minimum Standards Model Act (NAIC Model Act) and to reflect changes in the Medicare Access and CHIP Reauthorization Act of 2015 (MACRA). The proposed rule will parallel sections to address the new MACRA provision that requires specific standards for Medicare supplement policies or certificates issued to individuals who are newly eligible for Medicare on or after January 1, 2020. Insurers will need to produce, submit and create new forms for use by the companies and their authorized representatives. These forms are frequently published online reducing the

on-going cost with the new and modified forms. The rule is unlikely to have a significant impact on small businesses as insurance intermediaries will have little to no cost access to the new policy forms.

Agency Small Business Regulatory Coordinator:

The OCI small business coordinator is Kate Ludlum and she may be reached at Kate.Ludlum@wisconsin.gov or (608) 264-6232.
