11. Policy Problem Addressed by the Rule The proposed rule will amend Chapter PI 35 of the Wisconsin Administrative Code in order to conform Department rules governing the Milwaukee parental choice program to changes in statute as a result of 2017 Wisconsin Acts 36 and 59. The proposed rule will also make other various changes to conform the rule to best practices and efficiencies in program administration. Key aspects of the rule include the following: <ul style="list-style-type: none">• Specifies the requirements for the modified financial audit and the standard financial audit.• Specifies the background check requirements, including how the background check must be completed.• Modifies certain due dates so the dates will not fall on a weekend.• Specifies that the budgets required for the program must include the anticipated beginning and ending reserve balance.• Clarifies that the financial audit used to ensure schools meet choice program financial requirements includes the financial audit under s. 115.7915, Stats. Also specifies the nonfinancial viability indicators include the school having a net loss or negative change in net assets in the financial audit or the budget and cash flow.• Modifies the full time equivalent determination so that it is based on the required number of hours for first grade pupils in the private school rather than first grade pupils in the public school district.• Removes the requirement to use original classroom records when completing the procedures for choice program pupils for the enrollment audit. The procedures ensure the submitted pupil counts are accurate by comparing the school submitted pupil count reports to the official attendance records.• Specifies that the identification of choice program pupils may be in a different report than the official attendance records.• Removes summer school provisions already included in statute and modifies course eligibility provisions for summer school.• Clarifies the requirements for including fixed assets in the financial audit.• Specifies that leased right of use assets, which will be required in financial audits due to a change in generally

12. Summary of the Businesses, Business Sectors, Associations Representing Business, Local Governmental Units, and Individuals that may be Affected by the Proposed Rule that were Contacted for Comments

The Department engaged and reached out to several stakeholders in the school choice community during the development of this rule, including School Choice Wisconsin, the Wisconsin Catholic Conference, and the Wisconsin Council of Religious and Independent Schools.

13. Identify the Local Governmental Units that Participated in the Development of this EIA

None.

14. Summary of Rule's Economic and Fiscal Impact on Specific Businesses, Business Sectors, Public Utility Rate Payers, Local Governmental Units and the State's Economy as a Whole (Include Implementation and Compliance Costs Expected to be Incurred)

Local:

2015 Wisconsin Act 55, the 2015-17 biennial budget, significantly expanded and changed the Milwaukee Parental Choice Programs, which was further modified as a result of 2017 Wisconsin Acts 36 and 59 (the 2017-19 biennial budget). The Milwaukee Parental Choice Program affects local education agencies and private schools. There is no economic impact on local education agencies or private schools with respect to the rule because the rule implements statutory changes and is intended to clarify wording and improve procedures for schools and the Department.

State:

No fiscal effect.

15. Benefits of Implementing the Rule and Alternative(s) to Implementing the Rule

Modifications to the rule will align the rule chapter to statutory changes as a result of 2017 Wisconsin Acts 36 and 59, as well as better assist schools and the Department in the administration of the program. Without a rule change, statute and rule will not be consistent and the Department may be prevented from efficiently administering the program.

16. Long-Range Implications of Implementing the Rule

The proposed rule will better assist schools and the Department in the administration of the program. In addition, rule and agency practice will be consistent with the statutes as modified by 2017 Wisconsin Acts 36 and 59.

17. Compare With Approaches Being Used by Federal Government

N/A

18. Compare With Approaches Being Used by Neighboring States (Illinois, Iowa, Michigan and Minnesota)

- **Illinois:** Under the Invest in Kids Program, students are eligible to receive a scholarship to attend qualified, nonpublic schools in Illinois if their family is below 300% of the federal poverty level. Student scholarships cannot exceed the state's average operational expense per pupil, with exceptions and a \$75 million credit cap for scholarship awards.
 - **Iowa:** The School Tuition Organization Tax Credit provides that individuals, corporations, LLCs and other partnerships that donate to School Tuition Organizations (STOs) may receive a 65% tax credit, and STOs in turn give out funds as tuition grants to lower-income students to attend an accredited, nonpublic school.
 - **Michigan:** There are no rules governing private school choice in Michigan.
 - **Minnesota:** There are no rules governing private school choice in Minnesota.
