If you are employed by a unit of government, public utility, medical service provider or provide services to one of these, you may be allowed to operate outside the hours listed on your occupational license.

When operating at a time not listed on your occupational license, you must be providing life-sustaining services during an emergency. Emergency operation during unlisted hours is only

allowed to and from home, work and any emergency site.

An emergency service provider must list less than 60 hours for non-emergency operation to allow for driving time during an emergency. Total hours of operation for both emergency (unlisted hours) and non-emergency (listed hours) cannot exceed 12 hours per day/60 per week.

If requested by law enforcement, you must be able to prove you are providing life-sustaining service during an emergency when operating during unlisted hours.
