Permit not valid unless signed by an authorized official of the WDATCP PLANT INDUSTRY BUREAU. Under authority of the Stats. s. 94.03 (1) and (2), Wis. Stats. permission is hereby granted to the applicant named above to move the pests described, except as deleted, subject to the conditions stated on, or attached to this application. Note: This WI permit does not take the place of PPQ Form 526 issued by the USDA APHIS, if required. Persons intending to obtain living plant pests from a county, state or province other than Wisconsin should apply for a PPQ Form 526 permit at least 90 days before the expected shipment.

STANDARD PRECAUTIONARY MEASURES OF STATE OF WISCONSIN APPLICATION FOR PERMIT TO MOVE LIVE PLANT PESTS OR BIOLOGICAL CONTROL AGENTS

1. All pests must be shipped in sturdy, escape-proof containers.
2. No propagative host plant parts are to be shipped with approved organisms unless the organisms normally live within the propagative plant part.
3. If pest is designated for laboratory use only, pests shall be kept only within the laboratory or designated area at the permittee's address.
4. No living pests kept under this permit shall be removed from confined area except by prior approval from WDATCP regulatory officials.
5. Without prior notice and during reasonable hours, authorized WDATCP regulatory officials shall be allowed to inspect the conditions under which the pests are kept or the location(s) at which the organisms are to be released.
6. All pests kept under this permit shall be destroyed at the completion of the intended use, and not later than the expiration date, unless an extension is granted by this issuing office.
7. All necessary precautions must be taken to prevent unintended escape of pests. In the event of an escape, notify WI Pest Survey & Control Hotline at 1-866-440-7523.
8. Permittees moving field collected organisms must take all precautions to prevent the spread or movement of any non-permitted organisms and/or diseased or parasitized individuals.
