Explanation of Agency Authority and Brief Summary of Proposed Rules

Wisconsin Admin. Code § RR 2.07

The above provision lacks an enabling State statute. This rule duplicates that established by the Rail Safety Improvement Act of 2008 (codified at 49 CFR Part 234, Subpart F) requiring railroads that operate one or more trains through highway-rail or pathway crossings to submit reports to the National Highway-Rail Crossing Inventory, including current information about warning devices and signs for previously unreported and new highway-rail and pathway crossings through which they operate.
